I cannot think of a more fitting tribute to Anne Waters than to name the Westborough playground after her. Anne was a community activist who worked diligently for many years to improve her neighborhood and the quality of life for Westborough residents. Her commitment to the community was total and unselfish. Anne spent many hours at Council and Park and Recreation meetings espousing her causes. For many years Anne worked tirelessly for the construction of a swimming pool in Westborough, which unfortunately never came to fruition. Never the less, Anne never gave up in her efforts to improve her community. She is a role model for those who want to be involved. Thank you Anne for all that you have done for Westborough and South San Francisco. Respectfully submitted, Rich Garbarino

Public Comment from Rich Garbarino:

I cannot think of a more fitting tribute to Anne Waters than to name the playground in Westborough Park for her. Anne was community actiivist who for many years, worked diligently to improve her neighborhood and the quality of life for Westborougjh residents. Her commitment to the community was total and unselfish, with Anne spending many houirs before the Council and Park and Recreation Commission espousing her causes. One of her main goals was to have a swimming pool in Westborough and she spent a great deal of her efforts to secure funding for a pool. Unfortunately, not enough funds were raised to make her dream come true. The efforts that Anne made for her community should be model for those wanting to make a diifference. Thank you Anne for all that you have done for Westborough and South San Francisco.
