

Caltrain Electrification + City Partnerships

South San Francisco City
Council
September 11, 2024

Caltrain Context

- 77 miles of track from end to end
- 31 stations
- Bi-directional commute
- 41 at-grade crossings
- Financial Challenges
 - Pre-pandemic 73% farebox recovery (nation leading)
 - Today: 23% farebox recovery (facing upcoming average \$77M annual deficit)

Ridership Growth / Cost Containment

- Board Adopted **Equity, Growth, and Recovery Policy**
- **Revised schedule:** Standardize, focused on more midday, evening and weekend service (diversify ridership)
- **Regional Coordination:** Coordinated transfers, better signage Millbrae, GM group, Bay Pass participation, Clipper Start, fare integration
- **City Partnerships and toolkit:** www.caltrain.com/citypartnership
- **Pass Forward Program:** Bringing in new riders by providing free passes for low-income and equity priority community riders
- **Customer Experience/Fare Changes:** \$1 youth pass; 300 new bicycle eLockers, new ticket options, new visual display signs being installed, station work, positive brand recognition
- **Cost Containment:** Smaller trainsets, scheduling efficiencies, reduced overtime, internal efficiency programs
- **Electrification Planned September 21, 2024**

Transformational Moment

Caltrain is the oldest continuously operating passenger railroad in the West (160 years)

First time in a generation any US system fully converted from diesel to electric system

Steam 1864

Diesel 1950s

Electric 2024

Key Milestones

Complete:

- Foundations (3,000+)
- Poles (2,500+)
- Traction Power Facilities (10)
- Overhead Wire (2.5 million feet)
- Upgraded the Signal System San Francisco to San Jose (31 at grade crossings)
- 12 trainsets delivered (more coming)
- Over 1,000 First Responders Trained
- Soft Launch (August 2024)

Upcoming:

- Additional trainsets and testing (Throughout 2024)
- **Fully Electric Passenger Service: September 21, 2024**

Public Train Tours – 12,000 People (San Jose, San Francisco; San Carlos)

Electrified Service Plan Benefits

Schedule at caltrain.com/go

Get There Faster

Express from SF to SJ
in under an hour

Quicker local service,
77 minutes instead of
100

Save more than 20
minutes on trips from
Southern Santa Clara
County to SF

Ride More, Wait Less

20% more train service

26% more train service at
equity priority stations

Half-hourly service during
weekends and off-peak

First Class for Everyone

Free Wi-Fi

Smoother, quieter
experience

Outlets at every seat

Digital trip information
onboard

Spacious, accessible
bathrooms

Clean and Green

Improves local air quality

Quieter trains, both
onboard and off

Electrified Service Plan

South San Francisco

FINAL ELECTRIFIED CALTRAIN SERVICE FOR SOUTH SAN FRANCISCO

STATIONS	STATION STOPS	CURRENT SERVICE	ELECTRIFIED SERVICE
SOUTH SAN FRANCISCO	Stops per Weekday	60	104
	Weekday Stops per Peak Hour*	2	4
	Weekday Stops per Off Peak Hour	1	2
	Weekend Stops per Hour	1	2

Weekday Schedule: www.caltrain.com/media/33909

FASTER, MORE FREQUENT CALTRAIN SERVICE COMING IN FALL 2024
ELECTRIFIED SERVICE PLAN: CITY OF SOUTH SAN FRANCISCO

Electric trains enable Caltrain to run faster, more frequent service with the same number of weekday trains we run today. This handout shows the final plans for electric service in fall 2024. The schedule will be finalized in spring 2024, after the new electric trains are tested.

GET THERE FASTER

SAN FRANCISCO TO SAN JOSE IN UNDER AN HOUR
Compared to 65+ minutes today

75 MINUTES FOR THE SAN FRANCISCO TO SAN JOSE LOCAL TRAIN
Compared to 100 minutes today

21 MINUTES SAVED FOR THE SAN FRANCISCO TO GILROY TRIP
Compared to a 2+ hour trip today

CLEAN AND GREEN

ALL-ELECTRIC TRAIN SERVICE FROM SAN FRANCISCO TO SAN JOSE
Annual emissions reduced by 250K MTCO₂, equivalent to taking 55,000 cars off the road

RIDE MORE, WAIT LESS

TRAINS EVERY 30 MINUTES ON WEEKENDS
Compared to hourly service today

TRAINS EVERY 30 MINUTES DURING MID-DAY AND EVENINGS
Compared to hourly service at most stations today

TRAINS EVERY 15 TO 20 MINUTES DURING PEAK HOURS* AT 16 STATIONS
Compared to 7 stations today

FIRST CLASS SERVICE

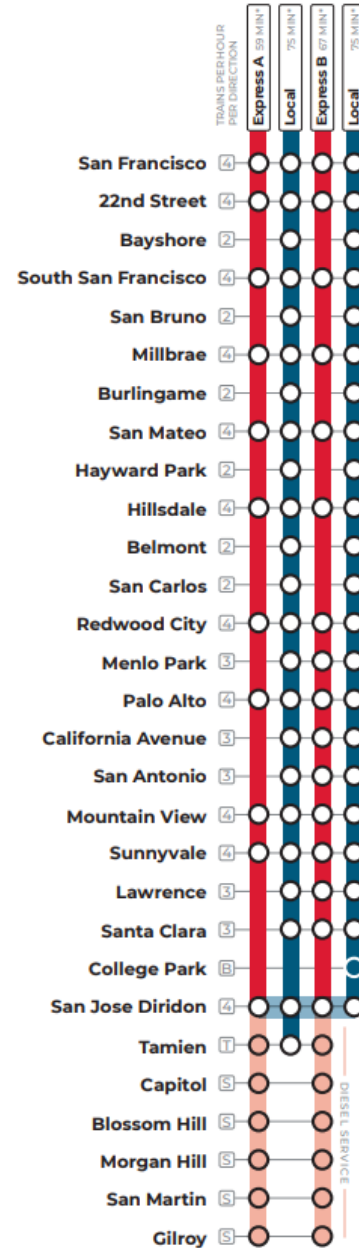

STATE-OF-THE-ART VEHICLES FOR SMOOTHER RIDES
Free Wi-Fi, outlets at every seat, spacious accessible bathrooms, and digital displays with trip information

FINAL ELECTRIFIED CALTRAIN SERVICE FOR SOUTH SAN FRANCISCO

STATIONS	STATION STOPS	CURRENT SERVICE	ELECTRIFIED SERVICE
SOUTH SAN FRANCISCO	Stops per Weekday	60	104
	Weekday Stops per Peak Hour*	2	4
	Weekday Stops per Off Peak Hour	1	2
	Weekend Stops per Hour	1	2

*PEAK HOURS VARY BY STATION, GENERALLY COVERING 6:30AM-9:30AM AND 3PM-7PM ON WEEKDAYS. NOTE: TRAVEL TIMES MAY CHANGE PENDING FURTHER ELECTRIC TRAIN TESTING.

FALL 2024 ELECTRIFIED SERVICE WEEKDAY PEAK 1-HOUR SNAPSHOT

GET THERE FASTER

Most people will have quicker rides compared to service today.

Trip travel times below compare the fastest diesel trip today to the fastest trip with electrified service.

SOUTH SAN FRANCISCO EXPRESS

13 min 0 MINUTES SAVED
To / from San Francisco

25 min 8 MINUTES SAVED
To / from Palo Alto

47 min 19 MINUTES SAVED
To / from San Jose Diridon

B Bellarmine Service
2 STOPS PER DAY IN EACH DIRECTION

T Tamien Service
2-3 STOPS PER HOUR IN THE PEAK DIRECTION*, AND 1 STOP PER HOUR IN THE REVERSE-PEAK DIRECTION

S South County Connector Service
4 DAILY ROUNDTRIPS WITH 1-2 DIESEL TRAINS PER HOUR IN THE PEAK DIRECTION*, WITH TIMED 3-MINUTE CROSS-PLATFORM TRANSFER AT DIRIDON

- Public Service Announcements
- Right-of-way outreach

**Safety Video at
caltrain.com/safety**

The flyer features a black and white diagonal striped border at the top and bottom. The Caltrain logo is in the top right corner. The main text is in blue and black, providing safety instructions for crossing tracks.

STAY SAFE BY KNOWING THESE SIMPLE SAFETY TIPS:

CALTRAIN IS ENERGIZED:
The Caltrain system is now electric. Wires and ground cables carry 25,000 volts of electricity and can be dangerous. **Never approach or touch overhead wires or equipment with things like ladders, antennas, and most importantly, yourself!**

ALWAYS EXPECT A TRAIN:
New electric trains are quieter and faster than you think. They can run on any track, at any time, from either direction. Stay safe and stay off the tracks.

CROSS ONLY AT DESIGNATED CROSSINGS:
The only safe place to cross tracks is at designated public crossings with a crossbuck, flashing red lights or a gate. Crossing anywhere else is illegal.

Right-of-Way Flyer

The mailer has a yellow background with a black and white diagonal striped border at the top. The Caltrain logo is in the top right corner. The text is in black, and there are three circular illustrations showing safety scenarios.

STAY AWARE, STAY SAFE.

Caltrain is getting an upgrade: out with diesel, in with electricity! While this change means big improvements for the Caltrain community, it also means new electric overhead wires will be installed to power the new trains. Electric overhead wires can be **dangerous and even life-threatening**. The new electric trains will also be much quieter than the diesel trains. You can stay safe by following a few easy rules:

Always wait for the gate
Even if you can't hear the new trains coming, make sure to wait for the gate to fully rise before crossing.

Be mindful of overhead wires
Caltrain's electric overhead wires carry 25,000 volts of electricity and can be dangerous. Never approach overhead wires with things like ladders, antennas, balloons, and most importantly, yourself!

Stay away from damaged wires
If you see a downed or otherwise damaged overhead wire, stay at least 25 feet away and call the Transit Police at 1.877.SAF.RAIL (1.877.723.7245).

CALL 1.877.SAF.RAIL
for any emergency on Caltrain, to report suspicious activity, or if you see a damaged electrical wire.

Residential Mailer

Celebrations - September 21 & 22

- Main Events:
 - Palo Alto Station Sept 21 2pm - 6pm
 - San Mateo Station Sept 22 2pm - 6pm

South San Francisco Station, Saturday, Sept. 20 from 9am-10am

- Karyl Matsumoto Plaza Dedication
- Erik Jekabson Jazz Quintet

City Partnership/Toolkit

Vital Role of Caltrain-City Partnerships

The ability of Caltrain to sustain and expand service will depend in large part on cities actively supporting expansion of ridership to groups beyond Caltrain's traditional core riders.

Caltrain-City Partnership Toolkit

Creating vibrant, diverse, people-centered communities where people gather, work and connect

In partnership we can increase transit ridership and:

- Reduce traffic and parking demand
- Support downtown recovery (vibrancy and tax revenues)
- Improve employee recruitment and retention
- Incentivize workers to return to the office
- Reduce Greenhouse Gas Emissions
- **More Info at: caltrain.com/citypartnership**

Partnership Models

- City Worker Go Passes
- Transportation Demand Management
- Development Agreements
- Local Ordinances
- Transportation Management Association
- Station Access
- Parking Management
- Transit Oriented Development
