City Clerk Rosa Acosta,

Dear City of South San Francisco Councilmembers,

My name is Nasiha and I grew up going to South City public schools and living in District 4. From Ponderosa elementary school to El Camino High School, I was always proud to be a part of South City. However, I am disheartened by the amount of anti-Palestinian and Islamophobic rhetoric that my community is facing, even in South San Francisco.

I strongly encourage you to agendaize and pass a resolution calling for a bilateral permanent cease-fire in Gaza. We need an end to this humanitarian crisis and a bilateral cease-fire resolution would ensure the sanctity for ALL people. This is not a political stance. We are here to just ask you all to push for a stop to this destruction and allow humanitarian aide to enter . Again, I ask you to listen with an open heart and help us by agendaizing a resolution calling for an enduring ceasefire in Gaza.

Thank you for your time,

Nasiha Rahman

Daly City, California 94015
