# New Park at Linden and Pine

# New Park at Linden & Pine - Overview

The project includes three distinct but coordinated mosaic art components designed to work in harmony:

1. **Mosaic Columns at Plaza**
2. **Mosaic Inlays at Plaza**
3. **Playground Mosaic Sculpture.**

The goal is for a single artist or artist team to develop all three to create a cohesive visual and conceptual language throughout the site.

# New Park at Linden & Pine – Artist Selection Process

- Request for Qualifications (Opened June 2025 & Closed July 2025)
- 34 Submissions were received and reviewed by Consultant and City Staff
- Public Art Subcommittee met and received a presentation on the 15 qualified artists recommended for evaluation and reviewed through the scoring rubric
- Public Art Subcommittee members scored 15 artists, the top five artists were eligible to advance to the shortlist.
- Four of the five shortlisted artists submitted qualifying proposals in a timely manner.
- Shortlisted artists, consultants, project team, and City staff met to review project and answer questions
- The top four artists entered into Concept Agreements with the City

# New Park at Linden & Pine – Artist Selection Process

- The four qualified shortlisted artists received \$1,000 stipend to create three concept proposals for the site
- Public Art Subcommittee received a presentation from the artists on their proposals
- Subcommittee members ranked the four proposals
- Concepts were revealed to the public at a pop-up event at the future site of the New Park at Linden and Pine on October 4, 2025. All four artists or their representative were present to speak directly to residents about their proposals
- Community Poll requesting preferred design released (Opened October 4, 2025 and closed, October 24, 2025)
- Public Art Subcommittee met with consultants and City staff to review community poll results and prepare finalist recommendation

## J Muzacz

J Muzacz creates energetic mosaics and vibrant murals using unique community engagement with people of all ages and abilities.

Inspired by cultural diversity, humanitarian leaders, and the natural world, Muzacz bestows reverence on every project by creating site-specific artwork that uniquely speaks to the area's history and culture, fostering individual empowerment and collective celebration.

Originally from Houston and a graduate of the University of Texas in Sociology, Muzacz went on to live and work abroad for the better half of a decade, painting murals all around the world from Japan to New Zealand and beyond. Now based in Austin, Texas, Muzacz has dedicated himself to community building through teaching, mentoring, and creating spaces for artists to connect with community members and uplift each other.

- TIAA Parking Garage Collaborative Pixel Mosaic Mural | Frisco, TX (2025)
- Hutchins City Hall Abstract Diptych Mosaic and Fabrication of Two Pixel Mosaic Murals | Hutchins, TX (2025)

### Statement of interest

Creating artwork at the intersection of antiquity and modern technology, my work blends contemporary digital design with the ancient handmade process of mosaics. This opportunity at the new Linden and Pine Park feels like a natural extension of my practice, rooted in history, culture, environment, and play—values central to my work.

# Initial Study Mitigated Negative Declaration

- 30-day public review period, from September 22, 2025, through October 22, 2025.
- 4 Comments Received:
  - Amah Mutsun Tribal Band of San Juan Bautista & AMTB: Standard comment letter with recommendations for investigation of and methods for work in soils with cultural and/or historic sensitivity with no comments on the IS/MND, dated September 22, 2025
  - Muwekma Ohlone Tribe, Inc.: Advisement, offer for tribal consultation and monitoring services with no comments on the IS/MND, dated September 29, 2025
  - Pacific Gas and Electric Company: Advisement to coordinate work around PG&E facilities, no comments on the IS/MND, dated September 24, 2025
  - Pacific Gas and Electric Company: Advisement to coordinate work around PG&E facilities, and acknowledgement that project does not appear to interfere with PG&E facilities or impact PG&E's Planning Service Department, no comments on the IS/MND, dated October 14, 2025

# Initial Study Mitigated Negative Declaration

- **CEQA Review: Initial Study / Mitigated Negative Declaration (IS/MND)**
- **The IS/MND identified the following mitigation measures which would reduce impacts to less-than-significant levels:**
  - **MM BIO-1:** Minimizes biological resources impacts to nesting birds.
  - **MM CUL-1:** Archaeological Monitoring Plan.
  - **MM-CUL-2:** Avoid Impacts to Unknown Cultural Resources.
  - **MM-CUL-3:** Avoid Impacts to Unknown Human Remains.
  - **MM-GEO-1:** Avoid and/or Reduce Impacts from Unstable Soils.
  - **MM-HAZ-1:** Develop and Implement a Demolition Debris Management and Disposal Plan.
  - **MM-HAZ 2:** Develop a Hazardous Materials Contingency Plan.
  - **MM-HAZ 3:** Prepare a Site Manage Plan
  - **MM-NOI-1:** Reduce Construction Noise Impacts.
  - **MM-TR-1:** Develop and Implement a Construction Traffic Management Plan
  - **MM-TCR-1:** Avoid Impacts to Unknown Tribal Cultural Resources

# Initial Study Mitigated Negative Declaration

- Comments received have not raised any issues that would require recirculation of the IS/MND or preparation of an environmental impact report
  - No new significant effects were identified
  - No new mitigation measures were added and proposed revisions to the mitigation measures would result in measures that are equivalent or more effective,
  - Significance of identified impacts remains unchanged, and
  - All impacts are either below significance levels or reduced to that level through application of identified mitigation.
