Update from the Vice-Mayor

It is my honor and privilege to be asked to write in lieu of the Mayor this week for his newsletter. **Women's History Month** is important to me because it is a time to honor and respect all the incredible and strong women all over the world who have contributed greatly but have not been recognized.

Please make sure to recognize and thank the strong women in your life, not only this month, but always. I hope you enjoy this special edition of the newsletter. There are a lot of amazing and inspiring women to learn from and look up to featured in this newsletter. Have a wonderful weekend, South San Francisco.
