Questions directed by the City Council at its Regular Meeting of December 09, 2020:

* **What do you view as the greatest issue presently confronting the City Council of the City of South San Francisco?**

The greatest issue confronting the City Council is housing. We need to balance preservation of the city's character with the need to provide housing options for our residents. Many of us who have grown up here cannot afford to stay in this amazing city. This requires effort to identify potential housing developments as well as providing world class pipelines into our core industries (e.g. biotech). We need to make sure the people who invest their soul in our city can find a way to stay.

* **What in your background will best prepare you to function as an elected official?**

I served as Mock City Council Mayor back in 2008 while attending South City High. In all seriousness, I grew up here. I can't claim to know what life is like for every single South Citian but I believe I know what affects most of us. And that is what would make me an effective advocate for the South City resident that isn't just here for a job, but the ones that are here to put down roots. I would like to use my experience in tech to create partnerships industry partnerships with our schools.

* **What role do you believe local government should fulfill in people's lives?**

Local government exists to solve coordination failures between private enterprise and the public good. Ideally, we have a well (not over or under) regulated market that allows efficient allocation of resources. Unfortunately in the real world, we know this doesn't always happen and we settle into local optima under suboptimal conditions. We settle for what we think is inevitable rather than fight for what is possible (e.g. housing, jobs). Local government can help implement public's vision.

* If appointed, do you plan to run for city council in 2022?

Yes

Please include additional information and/or attach your resume.
