#### **CITY COUNCIL 2022**

FLOR NICOLAS, MAYOR (DIST. 3) MARK NAGALES, VICE MAYOR (DIST. 2) MARK ADDIEGO, MEMBER (DIST. 1) JAMES COLEMAN, MEMBER (DIST. 4) EDDIE FLORES, MEMBER (DIST. 5)

MIKE FUTRELL, CITY MANAGER

December 28, 2022

Honorable Mayor and Members of the City Council City of South San Francisco South San Francisco, California

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) for the City of South San Francisco (the City) for the fiscal year (FY) ended June 30, 2022. The City of South San Francisco is required to publish a complete set of financial statements presented in conformance with generally accepted accounting principles (GAAP) and audited by an independent, certified public accounting firm. This report is published to fulfill this requirement for the fiscal year ending June 30, 2022.

The report presents the finances of the City of South San Francisco. Management assumes full responsibility for the completeness and fairness of the information presented in this report. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

This report consists of management's representations concerning the finances of the City. To provide a reasonable basis for making these representations, management established a comprehensive internal control framework designed to both protect the City's assets from loss, theft, or misuse, compiled sufficient reliable information for the preparation of the City's financial statements in conformity with the Generally Accepted Accounting Principles (GAAP), and complied with applicable laws and regulations.

The City contracted with Maze & Associates (Maze), a public accounting firm licensed to perform local government audits in California, to complete the annual audit. Maze concluded that the financial statements present fairly the respective financial position of the government activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, and the respective changes in financial position, and where applicable, cash flows for the year ended June 30, 2022, in accordance with GAAP. This is a favorable conclusion and is commonly referred to as an unmodified opinion.

The independent audit of the City's financial statements is part of a broader, federally mandated "Single Audit" designed to meet the needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the City's financial statements, but also on the City's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Maze will issue the Single Audit in March of 2023.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statement in the form of the Management's Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A is located immediately following the report of the independent auditor in the financial section.

#### **CITY PROFILE**

The City of South San Francisco proudly remains the Industrial City, a reflection of its steel mill and shipbuilding past, redefined to reflect the innovative, entrepreneurial, and industrious spirit which has made South San Francisco the Biotech Capital of the World, with over 250 active biotech companies and growing.

The City of South San Francisco encompasses approximately 9.5 square miles and has a population of 66,105. The City employs approximately 500 full-time regular employees and is a full-service city which includes public safety (police, fire and paramedics), libraries, parks, cultural and recreational activities, senior citizen services, public works, public improvements, engineering, planning, building regulation, economic development, drainage, street lighting, and general administrative services. Sewer service, downtown parking operations, and storm water management are accounted for in the City's enterprise funds. The Conference Center Authority is included in the financial statements by discrete presentation – that is, the Authority's financial data is reported in a column separate from the financial data of the City. Water and solid waste services are provided by private entities.

South San Francisco was incorporated and became a general law city of the State of California on September 19, 1908. The form of government is the Council-Manager plan. Each Councilmember serves a term of four years, with a rotating Mayor chosen by majority vote of the Council, for a term of one year. The Council appoints the City Manager and City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the City and appointing department directors.

The offices of City Clerk and City Treasurer are elected and will remain at-large. The incumbent City Clerk, Rosa Govea Acosta, and City Treasurer, Frank Risso, were elected for another term in the November 2022 election.

This report includes all financial activities of the City of South San Francisco, including financial information for the City, as the primary government, and for its component units, for which the City is considered financially accountable. The blended component units include the City of South San Francisco Capital Improvements Financing Authority, the Parking Authority of the City of South San Francisco, and the City of South San Francisco Public Facilities Financing Authority. The South San Francisco Conference Center is a discretely presented component unit and is included because of the significance of its governing, operational, and/or financial relationships with the City. The Successor Agency that was created due to the Redevelopment Agency dissolution is also included in this report.

#### ASSESSING THE CITY'S ECONOMIC CONDITION

The City of South San Francisco continued to demonstrate its resilience and strength during Fiscal Year (FY) 2021-22 following a particularly challenging prior year in which the COVID-19 pandemic took hold and impacted all sectors of society and the economy at the national, state and local levels. Restrictions on travel continued to be loosened as FY2021-22 began, bringing about a substantial recovery in the year in Transient Occupancy Tax (TOT) to above 70% of prepandemic levels, up from 39% in the prior year, as well as Commercial Parking Tax collected from San Francisco airport and the surrounding hotels. The upward trend in TOT went hand-in-hand with a strong recovery in sales tax revenue as shopping and spending patterns also continued to return to normal. This recovery and various revenue streams enabled the City to re-open and expand classes and services to residents and subsequently unfreeze employee vacancies, thereby driving an increase in expenditures.

The resilience of local businesses and residents was bolstered by assistance programs provided by the City during the COVID-19 pandemic. These continued into FY2021-22, with new ones beginning during the year, and included the Guaranteed Basic Income pilot program (utilizing American Rescue Plan Act funding) whereby 160 City residents received \$500 per month for a year, the Rental Assistance program for residential tenants facing pandemic-related economic hardship, the opening of the Economic Advancement Center on Grand Avenue to assist individuals with job placement, training and business start-up, and creation of the Business Façade and Tenant Improvement program to help local businesses improve storefronts and American Disabilities Act (ADA) compliance.

Development within the City continued apace during FY2021-22 with multiple new housing units coming online and new developments added to the pipeline. Significant work continued through the year with the biotech development at Oyster Point, and the Southline project to develop a 28-acre site for office space and biotech research and development on the City's southern border gained considerable traction (target completion in 2024).

The City further demonstrated its strong emergence from the pandemic through its ambitious Capital Improvement Plan (CIP) with twenty new projects budgeted in the fiscal year alone including the \$78 million bond-funded portion of the Community Civic Campus construction project, the \$24 million bond-funded street rehabilitation projects and the \$2 million bond-funded solar roof at the City's Corporation Yard. A capital project to replace the City pool complex was also included in the CIP plan, the outreach and design of which began during the year. The bonds to fund the new pool complex were issued in June 2022 in readiness for the forthcoming construction phase. Also, during FY2021-22, the new Police Station and new Caltrain Station were both opened and became fully operational, and work on the Colma Creek Storm Water capture project and the Sports Fields, both located at Orange Memorial Park, neared completion by year end.

In June 2022, the City issued its third tranche of lease revenue bonds, taking advantage of a very favorable interest rate environment. The bond proceeds will fund multiple CIP projects, including the aforementioned city pool complex (Aquatic Center), and replacement of the sports fields, playground and Colma Creek bridges at Orange Memorial Park.

The General Fund is the main fund of the City, accounting for principal revenues including taxes, licenses and permits, charges for services, grants and interest income, as well as expenditures related to delivery of public services by City departments such as Police, Fire, Public Works, Parks and Recreation, Library and Administrative Services. Performance of this fund is viewed as the main barometer of the financial health of the City. Compared to the prior year, FY 2021-22 General Fund revenues (excluding transfers in from other funds and special items) increased by \$17.4 million, or 14.1%. This significant increase is mainly driven by greater TOT, sales tax, commercial parking tax and charges for service revenues, all as a result of the City emerging and recovering from the COVID-19 pandemic.

In November 2015, voters in the City passed Measure W, which increased the sales tax rate within the City by 0.50%. The tax is deposited into the City's General Fund and will be used to pay for City services. This tax revenue is primarily used to pay the debt on bonds or other financings to accelerate projects. In February 2020, the City issued \$43.9 million of lease revenue bonds to finance the design and construction of a new Police facility which became fully operational in January 2022. In June 2021, the City issued \$86.4 million in lease revenue bonds for the construction of a new Civic Center Campus, installation of a solar roof at the City's Corporation Yard and funding of the City's Road Rehabilitation program. Furthermore, in June 2022, the City issued \$65.4 million in lease revenue bonds to fund the construction of a new Aquatic Center and ballfields at Orange Memorial Park, and the replacement of a playground and two bridges over Colma Creek, also at Orange Memorial Park.

#### MAJOR CITY SPONSORED INITIATIVES

The City completed the following major construction projects in FY 2021-22, improving the City's infrastructure, facilities and enhanced business processes with contemporary technology:

- Pavement Management Program 2020 Surface Seal & Rehab projects
- Pump station #2 Upgrade
- Linden Avenue Street Improvements Aspen to Miller
- Signalize Commercial and Spruce Intersection
- WQCP Plant-wide Industrial re-coat project
- Orange Memorial Park Storm Water Capture project
- New Police Operations Center
- Caltrain Station

#### FINANCIAL INFORMATION

The City Council is required to adopt a final budget by passing a budget resolution no later than June 30<sup>th</sup>, following a public hearing process. This annual budget serves as the foundation for the City's financial planning and control. The budget is prepared by fund, function and department. The legal level of budgetary control is at the fund level. The City Manager is authorized to transfer budgeted amounts between departments and line items within any fund. Any revisions that alter the total expenditures of any fund must be approved by the City Council. Transfers between funds must be approved by the City Council. At the end of the fiscal year, encumbered appropriations are carried forward and become part of the following year's budget while appropriations that have not been encumbered lapse, unless otherwise authorized by the City Council and the City Manager.

In developing and appraising the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets; and (3) transactions being properly executed in accordance with management's authorization.

The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management.

Basic characteristics of sound internal accounting control include segregation of accounting duties, approval of accounting transactions, and regular reconciliation of detail and control records.

All internal control evaluations occur within this framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurances of proper recording of financial transactions.

In February 2020, S&P Global Ratings assigned an issuer credit rating of triple A ("AAA") to the City. AAA is the highest rating possible and is important as higher ratings generally results in lower borrowing costs and the City was able to benefit from this in its FY 2020-21 bond issuance. S&P re-affirmed this rating prior to the FY 2021-22 bond issuance. The AAA rating is a good indicator of the City's strong financial position, solid executive management, fiscally sound policies and practices, and responsible budgetary performance.

The City's Reserve Policy is aligned with the Government Finance Officers Association (GFOA) best practices recommendation for reserves, setting aside 15-20 percent of operating revenues.

#### OTHER INFORMATION

#### <u>Award</u>

The City's ACFR for the fiscal year ended June 30, 2021, received a Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association. The award signified the report's attainment of easily readable and efficiently organized content and satisfaction of generally accepted accounting principles and legal requirements. The award is valid for a period of one year only. However, the City believes that this current report continues to conform to program eligibility requirements.

#### **Acknowledgments**

The preparation of the ACFR was made possible by the dedicated services of the entire staff of the Finance Department and our auditors. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. Special thanks are extended to Finance Services Managers, Paul Harris and Jennifer Clemente, and Senior Accountant Steven Lew for their commitment and diligence in the preparation of this document. Furthermore, we would like to thank the City Council for its leadership and commitment to ensuring the long-term fiscal health of the City.

Respectfully submitted,

#### INDEPENDENT AUDITOR'S REPORT

Honorable Members of the City Council City of South San Francisco, California

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of South San Francisco (City), California, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents.

We did not audit the discretely presented component unit financial statements of the South San Francisco Conference Center Authority (Authority), which represents 0.64%, 0.82%, and 1.08%, respectively, of the assets, net position, and revenue of the primary government. Those financial statements were audited by other auditors, whose report thereon has been furnished to us and our opinion, insofar as it relates to the amounts included for the Authority, is based solely on the report of the other auditors.

In our opinion, based on our audit and report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons listed in the Table of Contents as part of the basic financial statements for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirement relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Change in Accounting Principles

Management adopted the provisions of Governmental Accounting Standards Board Statement No. 87, *Leases*, which became effective during the year ended June 30, 2022 and had material effects on the financial statements as discussed in Note 1T to the financial statements.

The emphasis of this matter does not constitute a modification to our opinions.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and other Required Supplementary Information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Supplementary Information, as listed in the Table of Contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the Introductory Section and Statistical Section listed in the Table of Contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Pleasant Hill, California

Maye & associates

## MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

The Management's Discussion and Analysis (MD&A) provides an overview of City of South San Francisco's financial activities and fiscal performance for the year ended June 30, 2022. Please read this in conjunction with the accompanying Transmittal Letter and Basic Financial Statements to obtain a complete picture of the City's financial condition.

#### FINANCIAL HIGHLIGHTS

- Total Net Position for Governmental activities in FY 2021-22 increased by \$64.7 million, or 19.5%, from \$332.1 million in the prior year, to \$396.8 million. The increase is primarily due to further investment in City assets through bond issuance, an increase in cash and investments due to stronger revenues in the year, as well as a greater restricted cash balance due to the 2022A bond issuance prior to year-end. The growth in assets of \$146.5 million is partially offset by a \$66.3 million increase in long-term debt liabilities but this offset is reduced by lower "other liabilities" (\$47.6 million lower than prior year) due to a significant drop in the net pension liability at year-end.
- Total Net Position for Business-Type activities in FY 2021-22 increased by \$7.1 million, or 5.4%, from \$130.8 million in the prior year, to \$137.9 million. The growth in Net Position is due to a \$10 million increase in capital assets due to construction work underway at the City's Water Quality Control Plant (WQCP), lower accounts payable at year-end and a drop in the net pension liability. This is partially offset by lower cash and investments, and accounts receivable balances at year-end.
- City-wide Net Pension Liability to CalPERS for FY 2021-22 decreased by \$60.9 million, or 29.7%, from \$205.3 million in the prior year to \$144.4 million. This significant decrease in liability was driven by revised actuarial valuations from CalPERS taking into account member contributions and strong investment earnings in FY2020-21.
- City-wide cash and investments at year end increased \$5.5 million, or 2.1%, from \$259.3 million in the prior year to \$264.8 million. This reflects the underlying strength in the local economy as the City continued to rebound from the impacts of the COVID-19 pandemic.
- Revenues from Governmental Activities (excluding transfers and special items) increased by \$37.7 million, or 22.7%, to \$203.9 million in FY 2021-22 from \$166.2 million in the prior year. Revenues from Business-Type Activities (excluding transfers and special items) partially offset this with a decrease of \$5.4 million, or 13.3%, to \$35.2 million in FY2021-22 from \$40.6 million in the prior year.
- Expenses from Governmental Activities (excluding transfers and special items) increased by \$2.4 million, or 1.8%, to \$134.8 million in FY2021-22 from \$132.4 million in the prior year due to a greater amount of interest paid on debt (due to additional bonds having been issued in the prior year). Expenses from Business-Type Activities decreased slightly by \$0.2 million, or 0.7%, to \$28.7 million compared to \$28.9 million in the prior year.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

- Property tax revenues categorized under Governmental Activities dropped in FY 2021-22 by \$1.6 million, or 3.8%, to \$40 million from \$41.6 million in the prior year. This was primarily due to a reduction in the amount of tax received from the Educational Revenue Augmentation Fund (ERAF) which has historically been a volatile revenue source related to the split of basic and non-basic aid schools in the county of San Mateo.
- Sales tax increased by \$5.1 million, or 15.5% to \$38.1 million in FY 2021-22 from \$33.0 million in the prior year. This represents the return to normal spending patterns for the local population as the City continued its recovery during the FY 2021-22 from the COVID-19 pandemic.
- Transient Occupancy Tax ("TOT") was the most dramatically impacted revenue category during the height of the pandemic due to the restrictions on travel and shelter-in-place orders. By the beginning of FY 2021-22, these had largely been removed allowing this revenue category to rebound significantly. TOT revenue almost doubled to \$12.1 million, an increase of \$5.4 million, or 80.6%, from \$6.7 million in the prior year. Total TOT receipts for the year rose to approximately 70% of pre-pandemic levels indicating there is still some way to go in the recovery.
- Revenue from Property Taxes in Lieu, otherwise known as the California Vehicle Licensing Fee (VLF), more than doubled to \$12.0 million in FY 2021-22 from \$4.9 million in the prior year, an increase of \$7.1 million or 144.9%. This is a volatile revenue source that is difficult to predict and the increase was partially due to a change in the ratio of basic aid to non-basic aid school districts in San Mateo County which affects the availability of VLF. Part of the variance is due to the City being allocated \$3.7 million in additional VLF in FY2021-22 as a result of a county-wide reimbursement from the state for a VLF shortfall in the prior year.
- Total revenues from the City's Sewer Enterprise decreased \$5.4 million, or 16.0% to \$28.4 million from \$33.8 million in the prior year. This was largely due to lower sewer charge revenues which, for FY2021-22, are based on the 2020 calendar year. Commercial water usage dropped considerably during 2020 as workers remained at home during the pandemic and reduced water usage means less sewer effluent volume on which commercial businesses are charged. Water conservation drives by many businesses further led to reduced overall water usage and resulting sewer effluent volumes. The City's Parking Enterprise experienced a \$0.2 million, or 30.0%, increase in revenues to \$1.0 million in FY2021-22 compared to \$0.8 million in the prior year due to a greater level of parking activity as shoppers returned to the City following removal of pandemic-related restrictions.

# MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

#### OVERVIEW OF THE ANNUAL COMPREHENSIVE FINANCIAL REPORT

This Annual Comprehensive Financial Report (ACFR) is in six parts:

- 1) The Introductory Section, which includes the Transmittal Letter and general information;
- 2) Management's Discussion and Analysis (this part);
- 3) The Basic Financial Statements, which include the Government-wide and the Fund Financial Statements, along with the notes accompanying these statements;
- 4) Required Supplementary Information and the accompanying notes;
- 5) Other Supplementary Information including combining statements for non-major governmental funds, internal service funds, custodial funds and other budgetary information; and
- 6) The Statistical Section.

## **Basic Financial Statements**

The Basic Financial Statements are comprised of the City-wide Financial Statements and the Fund Financial Statements. These two sets of financial statements provide two different views of the City's financial activities and financial position.

The City-wide Financial Statements provide a longer-term view of the City's activities as a whole, and consist of the Statement of Net Position and the Statement of Activities. The Statement of Net Position provides information about the financial position of the City as a whole, including all its capital assets and long-term liabilities on the full accrual basis, similar to the basis used by corporations. The Statement of Activities provides information about all the City's revenues and all its expenses, also on the full accrual basis, with the emphasis on measuring net revenues or expenses of each of the City's programs. The Statement of Activities provides a detailed explanation of the change in net position for the year.

All the amounts in the Statement of Net Position and the Statement of Activities are separated into Governmental Activities and Business-type Activities in order to provide a summary of these two distinct activities of the City.

The Fund Financial Statements report the City's operations in more detail than the government-wide statements. The Governmental Fund Financial Statements focus primarily on the short-term activities of the City's General Fund and other Major Funds and measure only current revenues, expenditures, and fund balances; they exclude capital assets, long-term debt and other long-term amounts. The Proprietary Fund Financial Statements focus on the Business-Type "enterprises" of the City, i.e. activities that are accounted for in a similar way to private sector organizations using the full accrual basis, thereby including both short-term and long-term elements.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

Major Funds account for the major financial activities of the City and are presented individually, while the activities of non-Major funds are presented in summary, with subordinate schedules presenting the detail for each of these other funds.

The Fiduciary Fund Financial Statements provide financial information about the activities of Non-Obligated Assessment Districts, for which the City acts solely as agent.

Note 1 to the Basic Financial Statements provides a summary of the City's significant accounting policies, fund categories, and fund types.

#### City-wide Financial Statements

The Statement of Net Position and the Statement of Activities present information about the following:

• Governmental activities - All of the City's basic services are considered to be governmental activities, including General Government, Fire, Public Works, Parks and Recreation, Library, and Economic and Community Development. These services are supported by general City revenues such as taxes and by specific program revenues from grants, contributions and fees.

The City's Governmental Activities also include the City of South San Francisco Capital Improvements Financing Authority and South San Francisco Public Facilities Financing Authority, as the City Council also governs these entities.

- Business-Type Activities All the City's enterprise activities are reported here, including Wastewater treatment (or Sewer), Parking, and Storm Water management. Unlike Governmental services, user fees fully support most of these services.
- *Component Unit* The City of South San Francisco Conference Center Authority comprises the component unit. The Authority serves the City and other interests and it has a governing body separate from the City Council.

City-wide financial statements are prepared on the accrual basis, which means they measure the flow of all economic resources of the City as a whole and account for revenues when due and expenses when incurred.

# MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

#### Fund Financial Statements

The Fund Financial Statements provide detailed information about each of the City's most significant funds, called Major Funds. Each Major Fund is presented individually, with all non-Major Funds summarized and presented only in a single column. Subordinate schedules present the detail of these non-Major funds. Major Funds present the major activities of the City for the year and may change from year to year as a result of changes in the pattern of City activities. Fund Financial Statements include governmental, enterprise and internal service funds as discussed below.

Governmental Fund Financial Statements are prepared on the modified accrual basis, which means they measure only current financial resources and uses. Capital assets and other long-lived assets, along with long-term liabilities, are not presented in the Governmental Fund Financial Statements.

Enterprise and Internal Service Fund Financial Statements are prepared on the full accrual basis and include all their assets, liabilities and deferred outflows/inflows of resources, current and long-term.

Since the City's Internal Service Funds provide goods and services only to the City's governmental and business-type activities, their activities are reported only in total at the fund level. Internal Service Funds may not be Major Funds because their revenues are derived from other City funds. These revenues are eliminated in the city-wide financial statements and any related profits or losses are returned to the activities which created them, along with any residual net position of the Internal Service Funds.

Comparisons of Budget and Actual financial information are required in the Basic Financial Statements only for the General Fund and other Major Funds that are Special Revenue Funds.

#### Fiduciary Fund Financial Statements

The City is the agent for certain assessment districts, holding amounts collected from property owners which await transfer to these Districts' bond trustees. The City's fiduciary activities are reported in the separate Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its own operations.

#### FINANCIAL ACTIVITIES OF THE CITY AS A WHOLE

The following analyses focus on the net position and changes in the City's Governmental Activities (Tables 1 through 3, and Chart 1) and Business-Type Activities (Tables 4 and 5), which are presented in the city-wide Statement of Net Position and Statement of Activities. The comparative results for FY 2021-22 are presented versus FY 2020-21.

# MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

# **Governmental Activities**

Net position may serve over time as a useful indicator of the City's financial condition. Table 1 below shows that total assets and deferred outflows of resources exceed the total liabilities and deferred inflows of resources as of June 30, 2022 for Governmental Activities:

#### Governmental Net Position

Table 1 Governmental Net Position at June 30 (In Millions)

`	,		Increase / (	Decrease)
	2022	2021	Amount	%
Cash and investments	\$ 239.8	\$ 229.1	\$ 10.7	4.7%
Other assets	201.9	148.7	53.2	35.8%
Capital assets	465.7	383.1	82.6	21.6%
Total assets	907.4	760.9	146.5	19.3%
Total outflows of resources	28.8	31.2	(2.4)	(7.7%)
Total outflow of resources	28.8	31.2	(2.4)	(7.7%)
Long-term debt outstanding	223.8	157.5	66.3	42.1%
Other liabilities	253.4	301.0	(47.6)	(15.8%)
Total liabilities	477.2	458.5	18.7	4.1%
Deferred inflows of resources	62.1	1.6	60.5	3781.3%
Total deferred inflow of resources	62.1	1.6	60.5	3781.3%
Net position:				
Net investment in capital assets	452.7	316.1	136.6	43.2%
Restricted	139.0	160.2	(21.2)	(13.2%)
Unrestricted	(194.9)	(144.2)	(50.7)	35.2%
Total net position	\$ 396.8	\$ 332.1	\$ 64.7	19.5%

As shown in table 1, the total net position for Governmental Activities increased by \$64.7 million in FY 2021-22 compared to the prior year, reflecting significant increases in assets. Cash and investments increased by \$10.7 million. Other assets, which includes receivables, properties held for redevelopment, and restricted cash and investments, increased by \$53.2 million due to proceeds received from issuance of an additional bond for construction of a new Aquatic Center and various other CIP projects at Orange Memorial Park. Capital assets increased by \$82.6 million due to a large increase in Construction-In-Progress related to the new Civic Center Campus and multiple other Capital Improvement Plan (CIP) projects. Pursuant to GASB 75 and GASB 68 requirements, respectively, the City, as in prior years, recognized the Net OPEB liability of \$52.3 million and Net Pension Liability of \$129.9 million attributable to Governmental Activities.

# MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

The following table shows the changes in net position for Governmental Activities:

Table 2

## MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

As shown in table 2, total Governmental revenues (excluding transfers and special items) increased by \$37.7 million, or 22.7%, compared to the prior year. A significant increase in Charges for Services specifically contributed to the greater revenue – this category accounted for \$21.8 million of the increase and largely consists of impact fees such as the Park Land Acquisition Fee, the Park Construction Fee, the East of 101 Traffic Impact Fee and the Childcare Impact Fee. These are fees paid by developers on new development projects within the City and revenue levels can vary depending on the timing of such projects. There was also an increase in revenue, accounted for in Charges for Services, from facility rentals, and childcare and aquatic programs offered by the City during the year mainly due to the City's recovery from the COVID-19 pandemic. The recovery also gave rise to a \$5.4 million increase in TOT and \$5.1 million increase in Sales Tax as travel restrictions were removed, hotel occupancy rates increased and consumer spending patterns normalized. An increase in revenue was also seen in Property taxes in lieu (\$7.1 million), otherwise known as the California Vehicle Licensing Fee (VLF) due to a change in the ratio of basic aid to non-basic aid school districts in San Mateo County which affects the availability of VLF, and a \$3.7 million allocation from the state (distributed by the County) related to a shortfall in VLF in FY2020-21. Investment earnings fell by \$7.6 million to -\$6.7 million, compared to the prior year, due to a downward trend in the stock and bond markets brought about rising inflation and subsequent rises in interest rates. The annual mark-to-market adjustment required by Governmental Accounting Standards Board (GASB) accounting standard #31 results in the recognition of this temporary change in value of the City's investments.

Chart 1 shows the distribution of revenues from Governmental Activities by category.

Chart 1
Revenues by Source - Governmental Activities FY 2021-22

# MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

Governmental program expenses increased by \$2.4 million, or 1.8%, in comparison to the prior year. Increases were seen in most departments partially due to higher salary and benefit costs as positions were unfrozen during the year but also due to increased spending on operational supplies in response to expanded public services provided as the City continued to recover from the pandemic. Interest on long-term debt increased to \$4.7 million, from \$2.2 million in the prior year, due to repayments beginning on the 2021A bonds which were issued to pay for construction of the new Civic Center Campus.

Table 3 illustrates the difference between program revenues and program expenses. Program revenues consist of capital and operating grants and contributions, and fees for services. General City revenues, such as property taxes, sales taxes, transient occupancy taxes, licenses and permits, and investment earnings, cover the shortfall between program revenues and program expenses.

Table 3

Net (Expense) / Revenue from Services
Governmental Activities
(In Millions)

					Incr	ease /	(Decrease)
	20	2022		2021		nount	%
General government	\$ (	(11.2)	\$	(9.8)	\$	(1.4)	14.3%
Fire department		(20.7)		(28.3)		7.6	(26.9%)
Police department		(32.0)		(31.0)		(1.0)	3.2%
Public works department		17.3		21.4		(4.1)	(19.2%)
Recreation and community services	(	(15.9)		(15.3)		(0.6)	3.9%
Library		(4.4)		(2.0)		(2.4)	120.0%
Economic and community development		17.7		(6.8)		24.5	(360.3%)
Interest on long-term debt		(4.7)		(2.2)		(2.5)	113.6%
Total	\$ (	(53.9)	\$	(74.0)	\$	20.1	(27.2%)
Total	\$ (	(53.9)	\$	(74.0)	\$	20.1	(27.2%)

In FY 2021-22, the net expense for governmental activities decreased by \$20.1 million from \$74.0 million to \$53.9 million, due to a \$2.4 million increase in Governmental program expenses, as previously discussed, and a \$22.5 million increase in program revenues primarily in charges for services which includes developer impact fees.

# MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

## **Business-Type Activities**

Table 4 shows that total assets and deferred outflows of resources exceed the total liabilities and deferred inflows of resources as of June 30, 2022 for Business-Type Activities:

Table 4
Business-type Net Position at June 30 (in Millions)

			Increase / (Decrease)			
	2022	2021	Amount	%		
Cash and Investments	\$ 25.0	\$ 30.2	\$ (5.2)	(17.2%)		
Other assets	5.1	8.3	(3.2)	(38.6%)		
Capital assets	196.4	186.4	10.0	5.4%		
Total assets	226.5	224.9	1.6	0.7%		
Deferred outflows related to pension/OPEB	3.2	3.4	(0.2)	(5.9%)		
Total Deferred outflow of resources	3.2	3.4	(0.2)	(5.9%)		
Long-term liabilities outstanding	57.5	57.6	(0.1)	(0.2%)		
Other liabilities	29.1	39.7	(10.6)	(26.7%)		
Total liabilities	86.6	97.3	(10.7)	(11.0%)		
Deferred inflavor related to marrian/ODED	г э	0.2	Г 1	2550.00/		
Deferred inflows related to pension/OPEB	5.3	0.2	5.1	2550.0%		
Total deferred inflow of resources	5.3	0.2	5.1	2550.0%		
Net position:						
Net investment in capital assets	133.6	123.6	10.0	8.1%		
Restricted	0.0	0.0	0.0	0.0%		
Unrestricted	4.3	7.2	(2.9)	100.0%		
Total net position	\$ 137.9	\$ 130.8	\$ 7.1	5.4%		

The total net position for Business-Type Activities increased by \$7.1 million, or 5.4%, compared to the prior year. Total assets increased slightly by \$1.6 million, or 0.7%, reflecting increases of capital assets related primarily to construction in the Water Quality Control Plant (WQCP) Wet Weather and Digester Improvements project, the rehabilitation of the WQCP secondary clarifiers and the Orange Memorial Park Stormwater capture project. This was offset somewhat by lower cash balances due to reduced sewer charge revenues as previously discussed, and a lower receivables balance. Total liabilities, on the other hand, decreased by \$10.7 million due to a lower accounts payable balance at year end and a \$6.1 million lower net pension liability due to substantial gains made during the measurement period. Similar to Governmental Activities and pursuant to GASB 75 and GASB 68 requirements, respectively, the City, as in prior years, recognized the Net OPEB liability of \$5.8 million and Net Pension Liability of \$14.4 million attributable to Business-Type Activities.

# MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

Table 5 below shows the changes in net position for Business-Type Activities:

Table 5
Change in Business-Type Activities Net Position
(In Millions)

					Inc	rease /	(Decrease)
	2	2022	2021		Amount		%
Expenses							
Sewer Enterprise	\$	26.2	\$	26.7	\$	(0.5)	(1.9%)
Parking District		1.2		1.3		(0.1)	(7.7%)
Storm Water		1.3		0.9		0.4	44.4%
Total expenses		28.7		28.9		(0.2)	(0.7%)
Revenues							
Program Revenues							
Charges for Services		24.2		25.8		(1.6)	(6.2%)
Operating and Capital grants and contributions		11.0		14.8		(3.8)	(25.7%)
Total program revenues		35.2		40.6		(5.4)	(13.3%)
General revenues							
Investment earnings		(0.8)		0.1		(0.9)	(1700.0%)
Total general revenues		(0.8)		0.1		(0.9)	(1700.0%)
Excess (deficiency) before transfers		5.7		11.8		(6.1)	(51.5%)
Transfers		1.4		5.0		(3.6)	(72.0%)
Change in net position		7.1		16.8		(9.7)	(57.6%)
Net position - beginning		130.8		114.0		16.8	14.7%
Net position - ending	\$	137.9	\$	130.8	\$	7.1	5.5%

Expenses from Business-Type Activities in FY2021-22 decreased slightly by \$0.2 million to \$28.7 million while total revenues (program and general revenues combined) also decreased, more significantly, by \$6.3 million to \$34.4 million. The total change in net position was an increase of \$7.1 million after transfers compared to the \$16.8 million increase in net position in the prior year. Despite lower revenues in FY2021-22 and a negative mark to market in investment earnings, control of expenses and reduced transfers out to other funds helped to ensure an increase in net position, albeit a lower increase than in the prior year.

# MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

#### FINANCIAL ANALYSIS OF THE CITY'S FUNDS

#### **Governmental Funds**

Governmental funds highlight the City's near-term inflows, outflows, and balances of *spendable* resources. Such information can be helpful in determining the City's financial condition. *Unrestricted fund balance* is a major indicator of designated and uncommitted resources available for spending in future fiscal years.

At June 30, 2022, the City's Governmental Funds reported combined fund balances of \$343.7 million, an increase of \$33.6 million, or 10.8%, compared to the prior year. This was primarily due to the creation of new governmental funds for the capital improvement projects at Orange Memorial Park funded by the series 2022A bond issuance. The General Fund ending fund balance, which includes Measure W, was \$76.6 million, reflecting an increase of \$0.9 million, or 1.2%, over the prior year primarily due to stronger revenues in most major revenue categories.

Total Governmental Fund revenues (excluding transfers and special items) increased by \$35.6 million, or 21.4%, from \$166.2 million to \$201.8 million, with increases in all categories except interest and rentals, licenses and permits and other revenues. Property tax, sales tax, TOT and intergovernmental revenues all saw increases of at least \$5 million in each category with charges for services rising by \$22.6 million mainly due to greater impact fee receipts from various development projects in progress throughout the City.

Total Governmental Fund expenditures (excluding transfers and special items) increased by \$30.2 million, or 14.7%, from \$206.1 million in the prior year to \$236.3 million in FY 2021-22, primarily due to increased project expenditures for the new Civic Center Campus, partially offset by reduced expenditures on the Police station which was completed during the year. In addition, most departments saw increases in expenditures as public services expanded during the year as the recovery from the pandemic continued and vacant positions were unfrozen. Debt service increased by \$6.9 million due to repayments beginning for the 2021A bond issuance. Capital outlay expenses of \$5.5 million were also incurred related to the purchase of land for the new fire station at 71 Camaritas Avenue.

#### Comparison of General Fund Final Budgets to Original Adopted Budget

The budget is initially adopted by the City Council in June, based on revenue projections that are up to date through May. Between May and the end of the fiscal year, there can be major fluctuations in revenues depending on the economy and/or actions by the State of California. There can also be significant changes to departmental expenditure budgets to the extent unforeseen expenditures occur. In the Fund Financial Statements, the page titled "Statement of Revenues, Expenditures, and Changes in Fund Balances Budget and Actual" later in this document shows the initial adopted and final budgets for the General Fund (including Measure W). Changes between the adopted and final budgets are shown and explained in table 6:

# MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

# Comparison of General Fund (excluding transfers) Final Budgets to Original Adopted Budget (in Thousands) Table 6

_	Original	Final		Pct	Discussion:
Revenues	Budget	Budget	Change	Change	(Items of more than 5% and \$100,000 variance)

# MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

## **Analysis of Major Governmental Funds**

#### General Fund

In FY 2021-22, total General Fund revenues, excluding transfers in, were \$140.9 million which was \$15.3 million, or 12.2% higher than the final amended budget. Total General Fund expenditures, excluding transfers out and including encumbrances, ended FY 2021-22 at \$129.5 million which was \$3.7 million, or 2.9%, higher than final budget due to overspends in various departments and carry over of a significant number of purchase orders.

As of June 30, 2022, the General Fund total fund balance was \$76.6 million, \$11.9 million of which was attributable to Measure W. Of the remaining fund balance, \$25.1 million was held in reserve in accordance with city policy which is aligned with the Governmental Finance Officers Association (GFOA) recommended reserve practice of between 15-20 percent of General Fund operating revenue. The remaining \$39.6 million was held in designation/reserve accounts for various purposes including unassigned fund balance (available for operational use), encumbrances (committed expenditure items), capital projects and land held for development.

Revenues. Property tax collections in FY 2020-21 were \$49.8 million, which was \$8.7 million or 21.2% over final budget. This was mainly due to higher-than-expected Vehicle Licensing Fee (VLF) payments which included an additional \$3.7 million allocated to the City by the state in relation to a VLF shortfall in the prior year.

Sales tax revenue, including Measure W, was \$37.8 million, which was \$4.8 million or 14.5% over final budget, reflecting the City's strong recovery from the COVID-19 pandemic.

Transient occupancy taxes totaled \$12.1 million for the year, which was \$3.6 million, or 41.4%, over final budget. This category was budgeted conservatively due to the expected lingering impacts of the pandemic on the hospitality industry seen in the prior year. However, travel rebounded quickly leading to high hotel occupancy rates and considerably higher final collections than budget. By way of contrast, pre-pandemic TOT levels were approximately \$17 million (FY2018-19).

Intergovernmental revenues were \$3.2 million which is \$2.6 million, or 45.1%, lower than final budget mainly due to the timing of receipt of various grants, many of which are on a reimbursement basis so it depends on progress of projects during the year.

Licenses and permits revenues were \$14.1 million, which was \$2.4 million or 14.5% under final budget. This category can be very difficult to budget since receipts depend on the timing of development projects within the City.

Charges for services was \$9.7 million, which was \$1.9 million or 24.2% above budget. This category was revised downward during the mid-year review due to lower than expected receipts at the time for classes, rentals and child care but the year ended much stronger than expected and exceeded the original budget.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

Measure W revenue increased by \$2.0 million, or 15.1%, from \$13.4 million in FY2020-21 to \$15.4 million in FY 2021-22 and exceeded budget by \$2.7 million primarily due to the City's strong continued recovery from the COVID-19 pandemic.

**Expenditures.** Higher than expected expenditures in the Fire department are primarily payroll-related, particularly in overtime due to regular staff working additional hours to cover unfilled vacancies. To a lesser extent, the Police department also saw payroll-related expenditures exceed budget but this was partially offset by underspends in supplies and services. The Non-Departmental category was over budget due to a one-time transfer to the City Benefits Fund to address a deficit in the fund. These overspends were offset by savings in other departments, including Finance, Library and Economic and Community Development. Compared to the prior year, General Fund expenditures, excluding transfers and including encumbrances, increased from \$114.5 million to \$129.2 million. This was driven by the recovery from the pandemic and the commensurate return to a more normal level of services to residents which led to more staffing and operational expenditures. Versus final budget, the General Fund ended the year with a \$3.7 million unfavorable variance.

#### Low and Moderate Income Housing Assets Fund

Up until Redevelopment Agencies were abolished in FY 2011-12 by the State of California under ABX1 26, the City set aside 20% of Redevelopment property taxes to fund the provision of new affordable housing units, as well as the operation and maintenance of housing stock that the Redevelopment Agency had already funded. That fund was formerly called the Low/Moderate Income Housing Fund. With its source of funding (20% of Redevelopment property tax dollars) abolished, the City Council voted to take on the operations of the former housing units by becoming the Housing Successor Agency, with activities funded primarily from the rental revenues received by the City for those City-owned occupied housing units. Any shortfall between the rents received and the operations and maintenance costs of those housing units are funded by either one-time grants or by the General Fund. Any fund balances will be held for future housing property maintenance needs.

As of June 30, 2022, the fund balance was \$3.0 million, a slight reduction from \$3.2 million at the end of the prior year. In FY 2021-22, the City Housing Fund received \$0.1 million in revenues. The fund had \$0.3 million in expenditures, \$0.1 million of which was for rental assistance to households severely impacted by the COVID-19 pandemic and \$0.2 million for administrative staff costs to support the City's Housing Division.

## MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

#### American Rescue Plan Act Fund

In response to the COVID-19 pandemic, the federal government passed the American Rescue Plan Act (ARPA) in March 2021 which included financial aid to be provided to cities. The City of South San Francisco was awarded \$12.3 million in ARPA funds, received in two equal tranches in June 2021 and June 2022. During FY 2021-22, \$1.1 million was spent on the Guaranteed Income Pilot Program and other minor projects to support communities impacted by the pandemic. \$2.6 million was also transferred to the General Fund to replace revenues lost as a direct result of pandemic impacts. ARPA funds are held as unearned revenue on the balance sheet, netting off against the cash balance, and recognized as revenue as project expenditures are incurred. This results in a zero fund balance at year end.

#### Capital Improvement Funds

The City consolidates and reports its governmental fund-type capital project expenditures in these funds. Resources consist of transfers from the General Fund, Major and non-Major funds, developer impact fees, and gasoline taxes and transportation sales taxes from non-Major governmental funds. Resources also come from federal, state, and local grants, contributions from other cities, utilities and private developers. From time to time and when financially feasible and prudent to do so, the City issues bonds which generate proceeds for large-scale public facility projects. In addition to the bond issuances in FY2019-20 for the new Police station (series 2020A) and in FY2020-21 for the Civic Center Campus (series 2021A), the City issued \$65.4 million in bonds to fund the construction of the new Aquatic Center and ballfields at Orange Memorial Park as well as the replacement of the playground and two bridges over Colma Creek also at Orange Memorial Park (series 2022A). Entire capital projects are appropriated in one-year, but expended over multiple years, with unspent appropriations carried forward year-to-year until completion. In FY 2021-22, combined ending fund balance for Capital Improvement Funds (excluding Impact Fee Funds) was \$149.7 million which increased \$12.8 million from the combined ending fund balance of \$130.9 million in the prior year. The increase was due to the issuance of the \$65.4 million series 2022A bonds which generated proceeds for projects which was largely offset by the spending down of the series 2020A bond proceeds as the new Police Station neared completion during the year, and the series 2021A bond proceeds as the Civic Center Campus construction continued apace.

#### Developer Impact Fees Capital Projects Funds

To ensure developers pay their fair share of the impact of new developments on the City's capital and infrastructure, the City imposes impact fees. As South San Francisco emerged from the COVID-19 pandemic during FY2021-22, the City continued to experience a robust development environment that accounted for significant collection of developer impact fees including \$1.0 million in East of 101 Sewer Impact Fees to be used for capital projects to maintain the sewer collection and treatment facilities serving the east of 101 area. This fund experienced an overall \$0.8 million increase during the year in fund balance from \$4.1 million to \$4.9 million.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

The City also received \$7.1 million in Traffic Impact Fees from developers to be used for expanded roadway and intersection improvements serving the east of 101 area. After the effect of the negative mark-to-market of city investments and transfer out of \$6 million to fund CIP projects, the fund balance increased slightly to \$24.8 million from \$24.5 million in the prior year.

Childcare impact fees in the amount of \$7.7 million were also received in the year from developers. These funds will be used for new and expanded childcare facilities in the City. As a result of these receipts, fund balance climbed to \$13.9 million in FY 2021-22 from \$7.1 million in the prior year.

#### Other Governmental Funds

Presented as a group in the Basic Financial Statements, these funds are individually presented as Supplementary Information.

In addition to the impact fees classified as major funds in FY 2021-22 discussed previously, it's worth noting that other impact fee funds, presented as non-major funds, also received considerable developer payments during the year owing to the high level of development activity in the City. This includes \$4.0 million in Park Construction Impact Fees which will be used for the improvements and construction of City-park facilities, \$3.4 million in Commercial Linkage Impact Fees which will be used to provide affordable housing and to support the City's adopted 2015-2023 Housing Element, \$1.7 million in Public Safety Impact Fees to be used for new and expanded public safety capital facility projects and equipment, \$1.7 million in Park Land Acquisition Fees to be used to acquire land for parks within the City, and \$14.0 million in Oyster Point Development Impact Fees to be used for interchange projects in the Oyster Point area.

#### **Enterprise Funds**

#### Sewer Enterprise Fund

The Sewer Enterprise fund reported operating revenue (before non-operating revenues and operating transfers) of \$28.4 million in FY2021-22, a decrease of \$5.4 million, or 16.0%, from \$33.8 million in the prior year. This substantial reduction in revenue is a direct impact from the COVID-19 pandemic during which many commercial locations closed for long periods of time resulting in substantially less water usage and therefore smaller sewer effluent volumes on which service charges are based. This was combined with an overall drive by large commercial sites within the City to conserve water which subsequently reduces service charge revenues. Since charges are always based on the prior year water use, revenues for FY2021-22 were lower than normal. Operating expenses decreased \$0.3 million, or 1.0%, from \$26.1 million to \$25.8 million, due to lower payroll-related expenses from vacancies, partially offset by increases in professional services, program supplies and utilities.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

#### Parking District Fund

In FY 2022, the Parking District fund reported an operating loss (before non-operating revenues and operating transfers) of \$0.2 million which was a reduction on the loss in the prior year of \$0.6 million. Operating revenues increased by \$0.2 million, or 30.0%, from \$0.8 million to \$1.0 million, primarily due to increased usage of parking meters as businesses opened up as the City continued to recover from the pandemic and shoppers returned in their cars to the downtown area. Operating expenses decreased by \$0.1 million, or 12.5%, from \$1.3 million to \$1.2 million due to lower professional services expenses.

#### Storm Water Fund

The Storm Water Fund is used to account for resources needed to fund storm drain and storm infrastructure operations, maintenance, capital replacement, and compliance with various federal and state regulations regarding storm water runoff. Revenues totaled \$0.4 million, which is flat compared to the prior year, primarily from a levy on property owners. Transfers in from other funds totaled \$0.9 million - \$0.2 million from the General Fund and \$0.7 million from non-Major Governmental Funds. A total of \$5.3 million in grant reimbursements was received during the year from the state in relation to the Orange Memorial Park storm water capture CIP project. Operating expenses in this fund totaled \$1.3 million, an increase of \$0.4 million, or 42.0%, from \$0.9 million in the prior year, primarily due to higher payroll-related expenditures. Net position increased \$5.4 million from \$11.5 million to \$16.8 million, largely due to the grant received, and year-end accruals for additional grant reimbursements for work completed during the year.

## MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

#### **CAPITAL ASSETS**

Generally accepted accounting principles require the City to add infrastructure to its reportable capital assets. Infrastructure includes streets, drainage systems, and traffic control and safety devices. The City has successfully reported on the depreciated value of all such assets acquired or built since 1980. The City reports the depreciated book value of other types of capital assets such as buildings, land, equipment and furniture, on the City-wide Statement of Net Position. Such information is summarized below and is more completely detailed in Note 3 to the Basic Financial Statements. The City depreciates all of its capital assets, except land and construction in progress.

At June 30, 2022, the City had \$662.1 million in capital assets (as shown in table 7 below), net of depreciation, representing a substantial increase of \$92.6 million from the prior year, driven primarily by in-progress construction projects such as the new Civic Center Campus.

The City's various capital asset types used in Governmental and Business-Type Activities, are illustrated in Table 7:

Table 7
Capital Assets (in Millions) at June 30

				Incr	ease /	(Decrease)

## MANAGEMENT'S DISCUSSION AND ANALYSIS For Fiscal Year Ended June 30, 2022

#### **DEBT ADMINISTRATION**

Each of the City's debt issuances is discussed in detail in Note 5 to the Basic Financial Statements. A summary of the City's outstanding debt for the past two fiscal years is shown in table 8 (excluding unamortized bond premiums):

Table 8
Outstanding Debt
(In Millions) at June 30

					Inc	rease / (	(Decrease)
Governmental Activities		2022		2021		nount	%
Lease Revenue Bonds	\$	191.6	\$	129.4	\$	62.2	100.0%
Plus: Unamortized Bond Premium		33.2		27.6		5.6	100.0%

State Water Resources Board loans	\$	60.8	\$	60.5	\$	0.3	0.5%
2005 Sewer Bonds		2.0		2.3		(0.3)	(13.0%)
Total Business-type Activities Outstanding Debt	\$	62.8	\$	62.8	\$	-	0.0%

In June 2022, the City of South San Francisco Public Facilities Financing Authority issued \$65.4 million in lease revenue bonds, Series 2022A, for the construction of the new Aquatic Center and ballfields, and the replacement of the playground and two bridges over Colma Creek at Orange Memorial Park. The City received a total of \$72.1 million in proceeds from this issuance, of which \$49 million, \$12.3 million, \$2.2 million and \$1.5 million was allocated to the four projects respectively, and \$7.1 million reserved for capitalized interest and fees.

Outstanding debt for Business-Type Activities remained static when compared to the prior year since the \$5.1 million drawdown against the State Water Resources Board loan was equivalent to the amount of the loan retired during FY 2021-22.

The largest remaining debt obligations are as follows:

- 1999, 2004, 2008 State Water Resources Control Board Loans – Original debt: \$78.144.286; 2.4% to 2.6% interest rate; due 8/1/22, 4/30/26, 7/15/28. These loans were used to improve and expand the City's Water Quality Control Plant (WQCP). Loan proceeds were issued as projects progressed. Debt service payment commenced one year after project completion. WQCP user fees support the debt service payments. Because of the regional benefits and equity interest in these projects, the City of San Bruno shares in the loan repayments for the first two of the four current loans.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For Fiscal Year Ended June 30, 2022

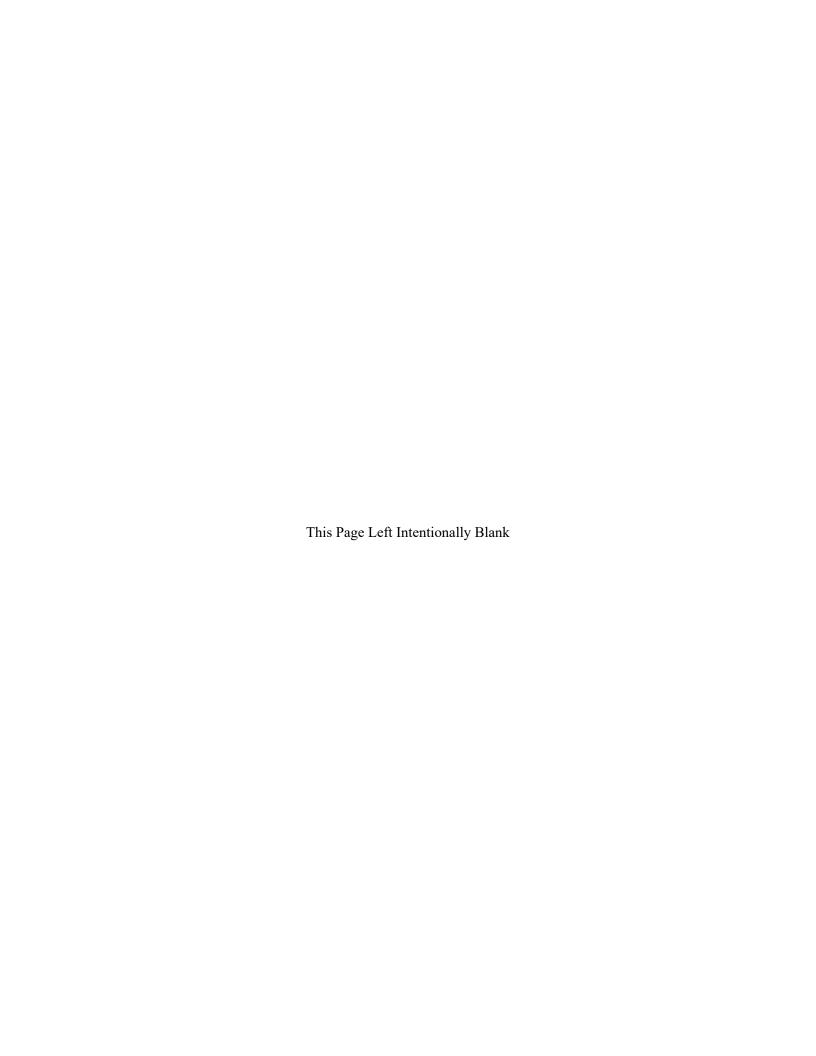

- 2018 State Water Resources Control Board Loan Original debt: \$53,403,000; 1.8% interest rate; due October 3, 2042. The loan proceeds are being used for the WQCP Wet Weather and Digester project. Loan proceeds have been issued over time as projects progressed. Debt service payments are due to commence on October 3, 2023, one year after project completion. WQCP user fees support the debt service payments.
- 2020A Lease Revenue Bonds Original debt: \$43,905,000; premium received: \$10,242,530; 4 5% interest rate; due June 1, 2046. The bonds were used for Phase I of the Civic Center Campus project consisting of the planning and construction of a new Police Station and Dispatch Center for the City of South San Francisco. Measure W sales tax revenue will fund the repayments.
- 2021A Lease Revenue Bonds Original debt: \$86,410,000; premium received: \$18,116,565; 4% interest rate; due June 1, 2046. \$78,000,000 of the bond proceeds are to be used for Phase II of the Civic Center Campus project consisting of the design and construction of the new library, parks and recreation center, council chambers and landscaping of the immediate surrounding area. \$24,000,000 will be used for road pavement rehabilitation throughout the City, and \$2,000,000 will be used for solar roof installation at the City's Corporation Yard. Measure W sales tax revenue will fund the repayments.
- 2022A Lease Revenue Bonds Original debt: \$65,420,000; premium received: \$6,686,317; 4-5.25% interest rate; due June 1, 2046. \$49,000,000 of the bond proceeds are to be used for construction of the new Aquatic Center. \$12.3 million will be used for constructions of new ballfields. \$2.2 million will be used for replacement of the playground at Orange Memorial Park. \$1.5 million will be used for replacement of two bridges over Colma Creek at Orange Memorial Park. Measure W sales tax revenue will fund the repayments.

#### ECONOMIC OUTLOOK AND MAJOR ACCOMPLISHMENTS

The economic outlook and major accomplishments of the City are discussed in the accompanying Transmittal Letter.

#### CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This Annual Comprehensive Financial Report is intended to provide readers with a general overview of the City's finances. Questions about this report or requests for additional financial information should be addressed to the City of South San Francisco, Finance Department, P.O. Box 711, South San Francisco, CA 94083.

### STATEMENT OF NET POSITION AND STATEMENT OF ACTIVITIES

The Statement of Net Position and the Statement of Activities summarize the entire City's financial activities and financial position.

The Statement of Net Position reports the excess of the City's total assets and deferred outflows of resources over the City's total liabilities and deferred inflows of resources, including all the City's capital assets and all its long-term debt. The Statement of Net Position focuses the reader on the composition of the City's net position, by subtracting total liabilities and deferred inflows of resources from total assets and deferred outflows of resources.

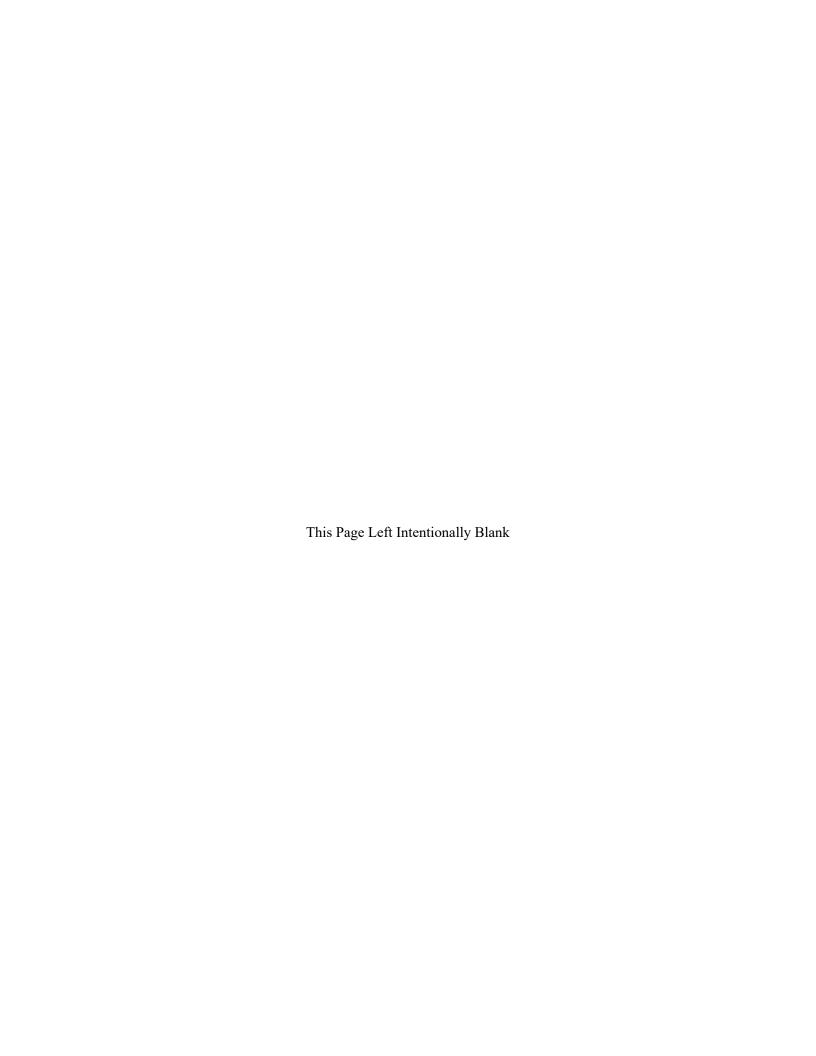

The Statement of Net Position summarizes the financial position of all the City's Governmental Activities in a single column, and the financial position of all the City's Business-Type Activities in a single column; these columns are followed by a total column which presents the financial position of the entire City.

The City's Governmental Activities include the activities of its General Fund, along with all its Special Revenue, Capital Projects and Debt Service Funds. Since the City's Internal Service Funds service these Funds, their activities are consolidated with Governmental Activities, after eliminating inter-fund transactions and balances. The City's Business Type Activities include all its Enterprise Fund activities.

The Statement of Activities reports increases and decreases in the City's net position. It is also prepared on the full accrual basis, which means it includes all the City's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis used in the Fund financial statements, which reflect only current assets, current liabilities, available revenues and measurable expenditures.

The Statement of Activities presents the City's expenses first, listed by program, and follow these with the expenses of its business-type activities. Program revenues—that is, revenues which are generated directly by these programs—are then deducted from program expenses to arrive at the net expense of each governmental and business-type program. The City's general revenues are then listed in the Governmental Activities or Business-type Activities column, as appropriate, and the Change in Net Position is computed and reconciled with the Statement of Net Position.

Both these Statements include the financial activities of the City, the City of South San Francisco Capital Improvements Financing Authority, the Parking Authority of the City of South San Francisco and the City of South San Francisco Public Facilities Financing Authority that are legally separate but are component units of the City because they are controlled by the City, which is financially accountable for the activities. Data for the South San Francisco Conference Center Authority is reflected as a discretely presented component unit of the City. This data is presented separately from other funds of the City to reflect operations under control of a governing body with a voting majority which is different from the City Council.

#### FUND FINANCIAL STATEMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The funds described below were determined to be Major Funds by the City in fiscal 2022. Individual non-major funds may be found in the Supplemental section.

#### **GENERAL FUND**

This fund accounts for resources traditionally associated with government, such as administration, public safety, library, parks maintenance, and recreation, outside of those accounted for in other funds.

#### LOW AND MODERATE INCOME HOUSING ASSETS SPECIAL REVENUE FUND

To account for the activities related to the assets assumed by the City as Housing Successor to the housing activities of the former Redevelopment Agency of the City of South San Francisco. The main source of revenue for this fund is the repayment of loans restricted for housing activities.

#### AMERICAN RESCUE PLAN ACT SPECIAL REVENUE FUND

To account for the City's allocation of American Rescue Plan federal stimulus funds, as part of the federal government's response to the impacts of the COVID-19 pandemic.

#### CAPITAL IMPROVEMENT CAPITAL PROJECTS FUND

To account for expenditures associated with the acquisition, construction, or improvement of City owned facilities and infrastructure. Funding comes from the general fund, special revenue funds, grants and fees.

#### EAST OF 101 SEWER IMPACT FEES CAPITAL PROJECTS FUND

These fees provide new development's share of new and rehabilitated sewer collection and treatment facilities to serve the East of Highway 101 area.

#### TRAFFIC IMPACT FEES CAPITAL PROJECTS FUND

These fees are to provide new development's share of new and expanded roadway and intersection improvements to serve the East of Highway 101 area and other areas of the City.

#### CHILD CARE IMPACT FEES CAPITAL PROJECTS FUND

These citywide fees provide new development's share of new and expanded childcare facilities to serve the childcare needs of working parents.

#### CAPITAL INFRASTRUCTURE RESERVE FUND

Replacement, upgrade, and maintenance of the City's infrastructure are backlogged, constituting a significant liability. Funds are set aside in this fund as part of the budget process and as part of the City's reserve policy to address the replacement and/or upgrade of the city infrastructure (such as parks, buildings, facilities, streets, sidewalks, and storm water facilities).

#### **FUND FINANCIAL STATEMENTS (Continued)**

#### CAPITAL IMPROVEMENT POLICE STATION CAPITAL PROJECTS FUND

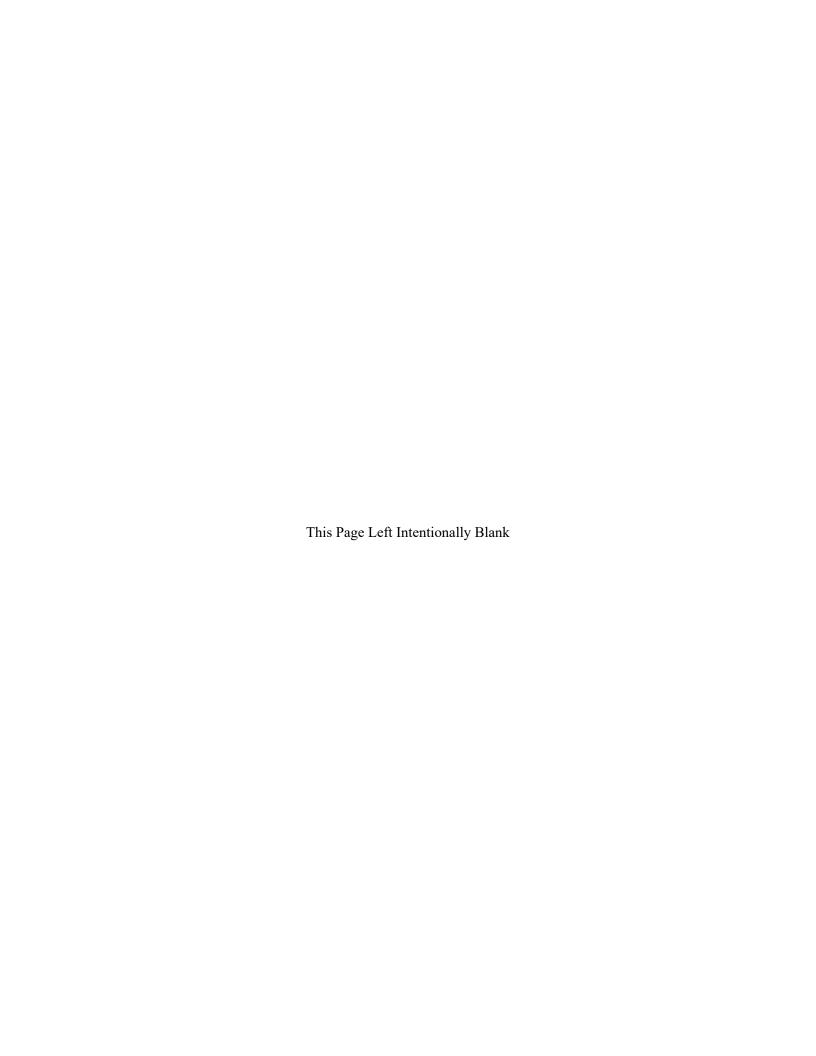

To account for expenditures associated with the acquisition, construction, and installation of certain capital improvements constituting the new City police station located within the City's new Civic Center Campus, and related improvements, facilities and equipment, and pay the costs incurred in connection with the issuance of the Series 2020A Bonds.

#### CAPITAL IMPROVEMENT CIVIC CAMPUS CAPITAL PROJECTS FUND

To account for expenditures associated with the acquisition, construction, and installation of certain capital improvements constituting the City's new Civic Center Campus, and related improvements, facilities and equipment, and pay the costs incurred in connection with the issuance of the Series 2021A Bonds.

#### CAPITAL IMPROVEMENT ORANGE MEMORIAL PARK CAPITAL PROJECTS FUND

To account for expenditures associated with the acquisition, construction and installation of certain capital improvements at the City-owned Orange Memorial Park and pay the costs incurred in connection with the issuance of the Series 2022A Bonds.

#### CITY OF SOUTH SAN FRANCISCO GOVERNMENTAL FUNDS

## BALANCE SHEET - RECONCILIATION OF GOVERNMENTAL FUND BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES JUNE 30, 2022

Total fund balances reported on the governmental funds balance sheet	\$343,680,775
Amounts reported for Governmental Activities in the Statement of Net Position are different from those reported in the Governmental Funds because of the following:	
Capital assets used in Governmental Activities are not financial resources and,	461 202 402
therefore, are not reported in the Governmental Funds.	461,292,492
Internal service funds are used by management to charge the cost of management of communication, telephone, building, fleet maintenance, equipment replacement, workers' compensation, employee benefits, insurance, and post-retirement healthcare benefits to individual funds. The assets and liabilities are included in Governmental Activities in the	
Statement of Net Position.	25,412,720
The assets and liabilities below are not due and payable in the current period and therefore are not reported in the funds:	
Long-term debt	(226,942,842)
Interest payable	(690,006)
Deferred outflows related pension	23,087,021
Deferred outflows related to OPEB	5,669,372
Net OPEB liability	(52,307,242)
Net pension liability	(129,941,552)
Deferred inflows related to OPEB	(6,140,322)
Deferred inflows related to pension	(41,567,798)
Compensated absences	(6,515,755)
Net position of governmental activities	\$396,836,250

### NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS with the

### STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2022

MET	CHANGE	IN FUND	) RALANCES -	$T \cap T \wedge I$	GOVERNMENTAL	FUNDS
INIT	CHANCE	IIN I'UINIA	, DALANCIN -	11/1/41/	CICTORINIVIDINI ALL	LUNING

\$33,556,105

Amounts reported for Governmental Activities in the Statement of Activities are different because of the following:

#### **Capital Assets Transactions**

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense.

Capital assets additions	91,732,476
Current year depreciation	(8,611,519)

#### **Long-Term Debt Payments**

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position.

Proceeds from issuance of bonds	(65,420,000)
Bond premium	(6,686,317)

Repayment of principal is an expenditure in the governmental funds, but in the Statement of Net Position the repayment reduces long-term liabilities.

Repayment of principal is added back to fund balance	4,635,000
Amortization of premium is added back to fund balance	1,104,016

#### **Accrual of Non-Current Items**

The amount below included in the Statement of Activities does not require the use of current financial resources and therefore is not reported as revenue or expenditures in governmental funds (net change):

Unavailable revenue	1,799,387
Interest payable	(265,186)
Compensated absences	462,871
Net pension liability, deferred outflows and inflows of resources	11,225,062
Net OPEB liability, deferred outflows and inflows of resources	626,641

#### **Allocation of Internal Service Fund Activity**

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of the internal service fund is reported with governmental activities.

569,946

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES

\$64,728,482

#### **MAJOR PROPRIETARY FUNDS**

Proprietary funds account for City operations financed and operated in a manner similar to a private business enterprise. The intent of the City is that the cost of providing goods and services be financed primarily through user charges.

#### SEWER ENTERPRISE FUND

This fund accounts for user charges and debt proceeds supporting the operation, maintenance, and capital expansion of the wastewater collection and treatment system.

#### PARKING DISTRICT FUND

This fund accounts for meter and parking permit fees used to acquire and maintain parking facilities.

#### STORM WATER FUND

This fund accounts for user charges sustaining the Storm Water Management Program mandated by state and federal authorities.

#### FIDUCIARY FUNDS

These funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. The financial activities of these funds are excluded from the government-wide financial statements, but are presented in separate Fiduciary Fund financial statements.

#### SUCCESSOR AGENCY PRIVATE PURPOSE TRUST FUND

The Fund is used to account for the activities of the Successor Agency to the former Redevelopment Agency of the City of South San Francisco.

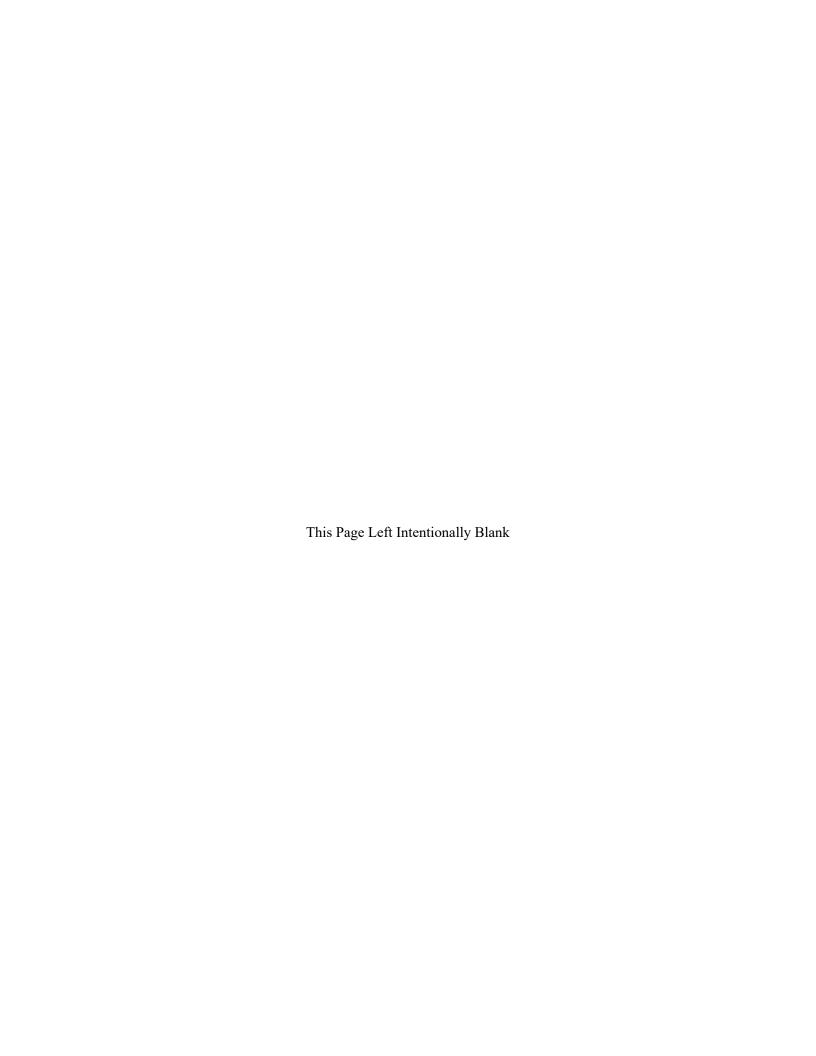

**CUSTODIAL FUNDS** are used to report resources, not in a trust, that are held by the City for other parties outside of the City's reporting entity.

#### CITY OF SOUTH SAN FRANCISCO NOTES TO BASIC FINANCIALS STATEMENTS For the Fiscal Year Ended June 30, 2022

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Description of the Financial Reporting Entity

As required by generally accepted accounting principles, the financial statements present the City of South San Francisco (the City) as the Primary Government, with its component units for which the City is considered financially accountable. The component units discussed below are included in the City's reporting entity because of the significance of their operational and financial relationships with the City.

#### B. Description of Blended Component Units

The accompanying basic financial statements include all funds and boards and commissions that are controlled by the City Council. The basic financial statements include the City's blended component units, entities for which the City is considered to be financially accountable. A blended component unit, although a legally separate entity, is in substance, part of the City's operations and so data from this unit is combined with the City. The City's following blended component units are described below.

The City of South San Francisco Capital Improvements Financing Authority is a joint exercise of powers authority created in 1991 between the City and the City of South San Francisco former Redevelopment Agency. The Capital Improvements Financing Authority is authorized to borrow money through the purchase or issuance of bonds, notes, or other obligations for the purpose of making loans to the City and other public entities to finance capital improvements. The City Council members serve as the Board of Directors. The Capital Improvements Financing Authority did not have any activity during fiscal year 2022. Separate financial statements are not issued for the Capital Improvements Financing Authority.

The Parking Authority of the City of South San Francisco was formed in October 2019 pursuant to the California Parking Law of 1949, Streets and Highways Code Section 32500, et seq. The City Council members serve as the Board of Directors. The financial activities of the Parking Authority are included in the Parking District Enterprise Fund. Separate financial statements are not issued for the Parking Authority.

The City of South San Francisco Public Facilities Financing Authority is a joint exercise of powers authority created in December 2019 between the City and the Parking Authority. The Public Facilities Financing Authority is authorized to borrow money through the purchase or issuance of bonds, notes, or other obligations for the purpose of making loans to the City or the Parking Authority and other public or private entities to finance capital improvements. The City Council members serve as the Board of Directors. The financial activities of the Public Facilities Financing Authority are included in the Capital Improvements Police Station, Capital Improvements Civic Campus and Capital Improvement Orange Memorial Park Capital Projects Funds. Separate financial statements are not issued for the Public Facilities Financing Authority.

#### CITY OF SOUTH SAN FRANCISCO NOTES TO BASIC FINANCIALS STATEMENTS

For the Fiscal Year Ended June 30, 2022

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Description of Discrete Component Unit

The City of South San Francisco Conference Center Authority was established in 1992 to manage and operate the South San Francisco Conference Center. The Authority is governed by a Board of nine commissioners consisting of two Council members and seven representatives from various businesses appointed by City Council.

The Authority does not meet the criteria of a blended component unit, since the City Council is not the Authority's governing body and the Authority does not provide services entirely to the City. However, the City is financially accountable and is able to impose its will on the Authority. The Authority is therefore considered a discrete component unit with its financial data reported separately from the financial data of the City.

The City of South San Francisco Conference Center Authority financial statements may be obtained from the Authority at 255 South Airport Boulevard, South San Francisco, CA 94080.

#### D. Basis of Presentation

Government-wide Statements — The Statement of Net Position and the Statement of Activities display information about the primary government (the City) and its component units. These statements include the financial activities of the overall City government, except for fiduciary activities. Interfund transfers and amounts owed between funds within the primary government have been eliminated from the statements. Amounts representing interfund services and uses remain in the statements. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular program and (c) fees, grants and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the City's funds, including fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major individual governmental and enterprise funds, each of which is displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

For the Fiscal Year Ended June 30, 2022

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### E. Major Funds

Major funds are defined as funds that have either assets, liabilities, revenues or expenditures/expenses equal to ten percent of their fund-type total and five percent of the grand total. The General Fund is always a major fund. The City may also select other funds it believes should be presented as major funds.

The City reported the following major governmental funds in the accompanying financial statements:

**General Fund** – Accounts for resources traditionally associated with government, such as administration, public safety, library, parks, maintenance, and recreation, outside of those accounted for in other funds.

**Low and Moderate Income Housing Assets Special Revenue Fund** – This fund was established to account for the activities related to the assets assumed by the City as Housing Successor to the housing activities of the former Redevelopment Agency of the City. The main source of revenue for this fund is the repayment of loans restricted for housing activities.

**American Rescue Plan Act Special Revenue Fund** – This Fund was established to account for the City's allocation of American Rescue Plan federal stimulus funds, as part of the federal government's response to the impacts of the COVID-19 pandemic.

Capital Improvement Capital Projects Fund – Accounts for expenditures associated with the acquisition, construction, or improvement of City-owned facilities and infrastructure. Funding comes from the General Fund, Special Revenue funds, grants and fees.

**East of 101 Sewer Impact Fees Capital Projects Fund** – These fees provide new development's share of new and rehabilitated sewer collection and treatment facilities to serve the East of Highway 101 area.

**Traffic Impact Fees Capital Projects Fund** – These fees are to provide new developments share of new and expanded roadway and intersection improvements to serve the East of Highway 101 area and other areas within the City.

Child Care Impact Fees Capital Projects Fund – These citywide fees provide new development's share of new and expanded childcare facilities to serve the City.

Capital Infrastructure Reserve Fund – Replacement, upgrade, and maintenance of the City's infrastructure are backlogged, constituting a significant liability. Funds are set aside in this fund as part of the budget process and as part of the City's reserve policy to address the replacement and/or upgrade of the city infrastructure (such as parks, buildings, facilities, streets, sidewalks, and storm water facilities).

For the Fiscal Year Ended June 30, 2022

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Improvement Police Station – Accounts for expenditures associated with the acquisition, construction, and installation of certain capital improvements constituting the new City police station located within the City's new Civic Center Campus, and related improvements, facilities and equipment, and pay the costs incurred in connection with the issuance of the Series 2020A Bonds.

Capital Improvement Civic Campus – Accounts for expenditures associated with the acquisition, construction, and installation of certain capital improvements constituting the City's new Civic Center Campus, and related improvements, facilities and equipment, and pay the costs incurred in connection with the issuance of the Series 2021A Bonds.

Capital Improvement Orange Memorial Park Capital Projects Fund – Accounts for expenditures associated with the acquisition, construction and installation of certain capital improvements at the City-owned Orange Memorial Park and pay the costs incurred in connection with the issuance of the Series 2022A Bonds.

The City reported all enterprise funds as major funds in the accompanying financial statements. The enterprise funds are:

**Sewer Enterprise Fund** – Accounts for user charges and debt proceeds supporting the operation, maintenance, and capital expansion of the wastewater collection and treatment system.

**Parking District Fund** – Accounts for meter and parking permit fees used to acquire and maintain parking facilities.

**Storm Water Fund** – Accounts for user charges sustaining the Storm Water Management Program mandated by state and federal authorities.

The City also reports the following fund types:

**Internal Service Funds** – These funds account for City services, self insurance, health and retirement benefits, and equipment replacement; all of which are provided to other departments on a cost-reimbursement basis.

Fiduciary Funds – The Fiduciary fund financial statements normally include a Statement of Net Position and a Statement of Changes in Fiduciary Net Position. The financial activities of the funds are excluded from the government-wide financial statements. The City's fiduciary funds represent a private purpose trust fund and custodial funds. The Successor Agency Private-Purpose Trust Fund accounts for the accumulation of resources to be used for payments at appropriate amounts and times in the future. Custodial funds are used to account for assets held by the City on behalf of other agencies for other purposes. The City's Custodial Funds includes the Employee Deferred Comp Trust Oversight Fund and the Community Facilities District 2021-01, which accounted for payments of special assessment bonds.

For the Fiscal Year Ended June 30, 2022

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### F. Basis of Accounting

The government-wide, proprietary, fiduciary, and discretely presented component unit financial statements are reported using the *economic resources measurement focus* and the full *accrual basis* of accounting. Revenues are recorded when *earned* and expenses are recorded at the time liabilities are *incurred*, regardless of when the related cash flows take place.

Governmental funds are reported using the *current financial resources* measurement focus and the *modified accrual* basis of accounting. Under this method, revenues are recognized when *measurable and available*. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, including lease liabilities, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions, including entering into contracts giving the City the right to use leased assets, are reported as *expenditures* in governmental funds. Proceeds from long-term debt and financing through leases are reported as *other financing sources*.

Those revenues susceptible to accrual are property and sales taxes, certain intergovernmental revenues, interest revenue, licenses and permits, charges for services, fines and forfeitures. Sales taxes collected and held by the state at year end on behalf of the City are also recognized as revenue. Other receipts and taxes are recognized as revenue when the cash is received.

Non-exchange transactions, in which the City gives or receives value without directly, receiving or giving equal value in exchange, include taxes, grants, entitlements, and donations. On the accrual basis, revenue from taxes is recognized in the fiscal year for which the taxes are levied or assessed. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Under the terms of grant agreements, the City may fund certain programs with a combination of cost-reimbursement grants, categorical block grants, and general revenue. Thus, both restricted and unrestricted net position may be made available to finance program expenditures. The City's policy is to first apply restricted grant resources to such programs, followed by general revenues if necessary.

The City considers restricted shared state revenues such as gasoline taxes and public safety sales taxes, restricted locally imposed transportation sales taxes, fines, forfeitures, licenses, permits, charges for services, and program grants as program revenues.

For the Fiscal Year Ended June 30, 2022

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### G. Budgets, Budgetary Accounting, and Encumbrances

The City is not legally required to budget any of its funds, but does so to enhance City management's effectiveness in their financial planning efforts and to enhance control over the City's operations. Budgets are adopted on a modified accrual basis, except for encumbrances and for the Capital Improvement Fund. Encumbrances are considered expenditures in the year of the purchase order issuance. All Capital Projects Funds are adopted on a multi-year project basis with unexpended and unencumbered budgets reappropriated in the following year. The City operates under the general laws of the State of California (the State) and annually adopts a budget effective July 1 for the ensuing fiscal year for the General fund; Special Revenue funds, except the American Recovery Plan Act Special Revenue Fund, Developer Contributions Special Revenue Fund, Supplemental Law Enforcement Services Special Revenue Fund, City Programs Special Revenue Fund, and Affordable Housing Trust Special Revenue; Capital Projects Funds; and Enterprise funds.

The budget is adopted by the City Council and controlled at the department level for the General Fund and at the fund level or lower for all other funds with adopted budgets. From the effective date of the budget, the amounts stated therein as proposed expenditures become appropriations to the various City departments. The City Council may amend the budget by resolution during the fiscal year. The department heads may authorize transfers within one object category within the same department within a fund. The City Manager may authorize transfers between object categories and departments within a fund.

All appropriations lapse at year-end, except for capital projects and encumbrances. Original adopted budgets and final amended budgets are presented in the basic financial statements. Supplementary budget appropriations were necessary during the year ended June 30, 2022.

Encumbrance accounting, under which, purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of the budgetary process. Encumbrances outstanding at year-end are reported as a component of fund balances since they do not constitute expenditures or liabilities. Encumbrances are reappropriated in the following year.

The budgetary comparison statements present comparisons of the legally adopted budget with actual charges to appropriations on a budgetary basis. In order to provide a meaningful comparison, the actual charges on a budgetary basis include encumbrances, which is a basis that differs significantly from those used to present financial statements in conformity with generally accepted accounting principles.

Certain indirect costs are included in program expenses reported for individual functions and activities.

For the Fiscal Year Ended June 30, 2022

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**H.** Expenditures in Excess of Appropriations – The City's General Fund had the following departmental expenditures in excess of appropriations and other funds had expenditures in excess of appropriations for the year ended June 30, 2022:

	Expenditures in
	Excess of Budget
	(Non GAAP
	Legal Basis)
General Fund:	
City Attorney	\$228,408
Non-departmental	1,211,827
Fire	3,083,113
Police	540,747
Public Works	347,536
Parks and Recreation	548,148
Non-Major Funds:	
Community Development Block Grant Special Revenue Fund	216,389
Maintenance Districts Special Revenue Fund	10,617
Supplemental Law Enforcement Services Special Revenue Fund	64,536
City Programs Special Revenue Fund	1,049,683

Sufficient resources were available within each fund to finance these excesses.

- I. Cash Equivalents For purposes of the statement of cash flows, the City considers all highly liquid investments (including all restricted assets) with maturity of three months or less when purchased to be cash equivalents. The City maintains a cash and investment pool that is available for use by all funds. As the proprietary funds' share of this pool is readily available when needed, such share is also considered to be cash equivalent. Deposit assets in the proprietary funds are related to insurance and benefits and are not considered cash equivalents for purposes of the statement of cash flows.
- J. Inventory and Prepaid Items consist of consumable supplies. Inventory is stated at cost (first-in, first-out method). The costs are recorded as expenditures at the time the individual inventory or prepaid item is consumed. Reported inventory and prepaid items are equally offset by a fund balance reservation, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.
- K. Capital Assets Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are valued at acquisition value. All other capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for intangible right to-use lease assets, the measurement of which is discussed in Note 10 below.

The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each year represents that year's pro rata share of the cost of capital assets.

For the Fiscal Year Ended June 30, 2022

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Depreciation is provided using the straight line method which means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. The City and Authority have assigned the useful lives listed below to capital assets and right to use leased building:

Buildings	50 years
Clean water facilities and transmission lines	40 years
Improvements	30 years
Machinery and equipment	5-20 years
Furniture and fixtures	12 years
Infrastructure	20-40 years
Right to use leased building	30 years

Major outlays for capital assets and improvements are capitalized as projects are constructed. The capitalization level is \$20,000 for vehicles, and \$100,000 for all else, including all other equipment that is not a vehicle.

L. Vacation and Sick Pay – are accrued as earned. Upon termination, employees are paid for all unused vacation at their current hourly rates. After five to twenty years of employment, one half of accumulated sick leave becomes vested, up to a maximum amount as specified under labor contract provisions. The vested portion is available for current use or, if unused, is payable at termination or retirement.

The long-term portion of the liability for compensated absences for governmental fund type operations is recorded as compensated absences in the government-wide financial statements. The portion expected to be permanently liquidated is recorded in the Health and Retirement Benefits Internal Service Fund. Proprietary fund liabilities are recorded within their respective funds. The changes of the compensated absences were as follows:

	Governmental Activities	Business-Type Activities	Total
Beginning Balance	\$9,034,773	\$876,995	\$9,911,768
Additions Payments	6,367,587 (6,937,466)	630,228 (717,151)	6,997,815 (7,654,617)
Ending Balance	\$8,464,894	\$790,072	\$9,254,966
Current Portion	\$5,432,020	\$589,258	\$6,021,278

Compensated absences are liquidated by the fund that has recorded the liability. The long-term portion of governmental activities compensated absences is liquidated primarily by the Health and Retirement Benefits Internal Service Fund.

For the Fiscal Year Ended June 30, 2022

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Property Tax Levy, Collection and Maximum Rates – State of California Constitution Article XIII A provides that the combined maximum property tax rate on any given property may not exceed 1% of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100% of market value as defined by Article XIII A and may be adjusted by no more than 2% per year unless the property is sold, transferred, or substantially improved. The State Legislature has determined the method of distribution of receipts from a 1% tax levy among the counties, cities, school districts and other districts. The County of San Mateo assesses properties, bills for and collects property taxes on the schedule that follows:

	<u>Secured</u>	<u>Unsecured</u>	
Valuation/lien dates	January 1	January 1	
Levy dates	July 1	July 1	
Due dates (delinquent as of)	50% on November 1 (December 10) 50% on February 1 (April 10)	July 1 (August 31)	

The term "unsecured" refers to taxes on personal property other than land and buildings. These taxes are secured by liens on the property being taxed.

Property taxes levied are recorded as revenue and receivables when they are collected during the fiscal year of levy or within 60 days of year-end.

- N. **Properties held for redevelopment** is stated at the lower of historical cost or net realizable value (equal to agreed upon sales price if a disposition and development agreement has been reached with a developer).
- **O. Unbilled Services** for the Sewer Rental Enterprise Fund are accrued at year-end.
- **P. Deferred Outflows/Inflows of Resources** In addition to assets, the statement of financial position or balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets or fund balance that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position or balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets or fund balance that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

For the Fiscal Year Ended June 30, 2022

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Q. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs – other than quoted prices included within level 1 – that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

**R. Use of Estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent asset and liabilities at the dates of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting periods. Actual results could differ from those estimates.

#### S. New and Renamed Funds

In fiscal year 2021-2022, the City established the following funds:

The Capital Improvement Orange Memorial Park Capital Projects Fund accounts for expenditures associated with the acquisition, construction and installation of certain capital improvements at the City-owned Orange Memorial Park and pay the costs incurred in connection with the issuance of the Series 2022A Bonds.

The Library Impact Capital Projects Fund accounts for citywide fees to provide new development's share of the expansion, rehabilitation and replacement of library facilities and collections to accommodate the increased demand for library services caused by future development

The Oyster Point CFD Custodial Fund accounts for Community Facilities District No. 2021-01 special assessment collections and debt service payments.

The 2020 A Bonds Debt Service Fund was renamed the Debt Service Fund.

For the Fiscal Year Ended June 30, 2022

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### T. New Accounting Pronouncement

In June 2017, the Governmental Accounting Standards Board issued Statement No. 87, Leases. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

A lease is defined as a contract that conveys control of the right to use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. Examples of nonfinancial assets include buildings, land, vehicles, and equipment. Any contract that meets this definition should be accounted for under the leases guidance, unless specifically excluded in this Statement.

The pronouncement became effective, and as disclosed in Note 10 to the financial statements required a prior period restatement for the cumulative effect on the financial statements. The beginning balances of leases receivable and deferred inflows of resources related to leases for the City were \$15,344,334 as of July 1, 2021 and restated and increased the balances in that amount, and the net effect on beginning net position and fund balance was zero. In addition, the Conference Center Authority's beginning balances of right to use leased assets and the lease liability were increased and restated in the amounts of \$1,948,783 and \$2,748,483, respectively, and the net position was reduced and restated in the amount of \$799,700 as of July 1, 2021. See the Leases disclosure in Note 10.

### NOTE 2 – CASH AND INVESTMENTS

The City's goal is to invest at the maximum yield, consistent with safety and liquidity, while individual funds can process payments for expenditures at any time.

#### A. Policies

The City invests in individual investments and in investment pools. Individual investments are evidenced by specific identifiable *securities instruments*, or by an electronic entry registering the owner in the records of the institution issuing the security, called the *book entry* system. In order to increase security, the City employs the Trust Department of a bank as the custodian of certain City managed investments, regardless of their form.

California Law requires banks and savings and loan institutions to pledge government securities with a fair value of 110% of the City's cash on deposit, or first trust deed mortgage notes with a fair value of 150% of the deposit, as collateral for these deposits. Under California Law this collateral is held in a separate investment pool by another institution in the City's name and places the City ahead of general creditors of the institution.

For the Fiscal Year Ended June 30, 2022

### NOTE 2 – CASH AND INVESTMENTS (Continued)

The City's investments are carried at fair value, as required by generally accepted accounting principles. The City adjusts the carrying value of its investments to reflect their fair value at each fiscal year end, and it includes the effects of these adjustments in income for that fiscal year.

#### B. Classification

Cash and investments as of June 30, 2022 are classified in the financial statements as shown below, based on whether or not their use is restricted under the terms of City debt instruments or agency agreements.

Financial Statement Presentation: Statement of Net Position: City of South San Francisco:	
Cash and investments available for operations	\$264,820,152
Restricted cash and investments	144,489,758
Total Primary Government cash and investments	409,309,910
Statement of Fiduciary Assets:	
Cash and investments available for operations	1,837,374
Restricted cash and investments	40,101,280
Total Fiduciary cash and investments	41,938,654
Conference Center:	
Cash and investments available for operations	3,374,045
Total South San Francisco	
Conference Center cash and investments	3,374,045
Total cash and investments	\$454,622,609

The City does not allocate investments by fund. Each proprietary fund's portion of Cash and Investments Available for Operations is in substance a demand deposit available to finance operations, and is considered a cash equivalent in preparing the statement of cash flows.

# NOTE 2 – CASH AND INVESTMENTS (Continued)

### C. Investments Authorized by the California Government Code and the City's Investment Policy

The City's investment policy and the California Government Code allow the City to invest in the following provided the credit ratings of the issuers are acceptable to the City and approved percentages and maturities are not exceeded. The table below also identifies certain provisions of the California Government Code, or the City's Investment Policy where it is more restrictive:

Authorized Investment Type	Maximum Maturity	Minimum Credit Quality (A)	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
U.S. Treasury Securities	5 years	N/A	No Limit	No Limit
Federal Agency or U.S.	- 3			
Sponsored Enterprise Obligations	5 years	N/A	No Limit	25%
Supranational Obligations	5 years	AA	30%	10%
Corporate Medium-Term Notes	5 years	A	30%	5%
Asset-Backed Securities	5 years	AA	20%	5%
Commercial Paper	270 days	A1,P1	25%	5%
Negotiable Certificates of Deposit	5 years	A-1 or A	30%	5%
Repurchase Agreements	90 days	AA	No Limit	No Limit
Local Agency Investment Fund (LAIF)	Upon Demand	N/A	\$75 million	No Limit
Money Market Mutual Funds	N/A	AAAm	20%	10%

<sup>(</sup>A) The City's Investment Policy includes credit ratings provided by Standard and Poor's Investment Rating System, or its equivalent.

### NOTE 2 – CASH AND INVESTMENTS (Continued)

#### D. Investments Authorized by Debt Agreements

The City and the Successor Agency to the former Redevelopment Agency must maintain required amounts of cash and investments with trustees or fiscal agents under the terms of certain debt issues. These funds are unexpended bond proceeds or are pledged as reserves to be used if the City or Successor Agency fail to meet its obligations under these debt issues. The California Government Code requires these funds to be invested in accordance with City ordinance bond indentures or State statute. The table below identifies the investment types that are authorized for investments held by fiscal agents. The table also identifies certain provisions of these debt agreements:

Authorized Investment Type	Maximum Maturity	Minimum Credit Quality	Maximum Percentage of Portfolio
U.S. Treasury Obligations	N/A	N/A	No Limit
Federal Agency or U.S. Government			
Sponsored Enterprise Obligations	N/A	N/A	No Limit
Federal Housing Administration Debentures	s N/A	N/A	No Limit
Bankers Acceptances	30 days	A-1 or A-2	No Limit
Commercial Paper	270 days	A1,P1	No Limit
Negotiable Certificates of Deposit	5 years	A-1 or A	No Limit
Guaranteed Investment Agreements	N/A	A1,P1	No Limit
Municipal Obligations	N/A	Aaa	No Limit
State Obligations	N/A	A2	No Limit
Money Market Mutual Funds	N/A	AAAm	No Limit
Repurchase Agreements	90 days	AA	No Limit
Local Agency Investment Fund (LAIF)	Upon Demand	N/A	No Limit

#### E. Investments Authorized by the Authority

The City of South San Francisco Conference Center Authority follows the California Government Code which authorizes an agency to invest in their own bonds, certain time deposits, obligations of the U.S. Treasury, agencies and instrumentalities, commercial paper, bankers' acceptances with maturities not to exceed 270 days, and medium-term notes issued by corporations operating within the U.S., commercial paper rated P-1 or higher by Moody's or A-1 by Standard & Poor's commercial paper record, repurchase agreements of obligations of the U.S. Government or its agencies for a term of one year or less and the Local Agency Investment Fund.

For the Fiscal Year Ended June 30, 2022

### **NOTE 2 – CASH AND INVESTMENTS (Continued)**

#### F. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Normally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City also manages its interest rate risk is by holding most investments to maturity, thus reversing unrealized market gains and losses.

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity or earliest call date:

	Remainii	Remaining maturity		
	Less than  1 year	One to Five Years	Total	
City and Fiduciary:				
U.S. Treasury Notes	\$2,099,668	\$52,601,590	\$54,701,258

Cash in Banks and on Hand - City of South Sar	16,845,948			
Cash in Banks and on Hand - South San Francisco Conference Center			410,412	
Total Cash and Investments			\$454,622,609	

The City is a participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The City reports its investment in LAIF at the fair value amount provided by LAIF, which is the same as the value of the pool share. The balance is available for withdrawal on demand, and is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Each regular LAIF account is permitted to have up to 15 transactions per month, with a minimum transaction amount of \$5,000, a maximum transaction amount of \$75 million and at least 24 hours advance notice for withdrawals of \$10 million or more. Bond proceeds accounts are subject to a one-time deposit with no cap and are set up with a monthly draw down schedule. Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, United States Treasury Notes and Bills, and corporations. At June 30, 2022, these investments have an average maturity of 311 days.

Money market funds are available for withdrawal on demand and as of June 30, 2022 have an average maturity of 43 to 49 days.

For the Fiscal Year Ended June 30, 2022

### NOTE 2 – CASH AND INVESTMENTS (Continued)

#### G. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of June 30, 2022, for each of the Primary Government's investment types as provided by Moody's investment rating system, except as noted:

Investment Type	Aaa	Aaa-mf	Aa1-Aa3	A1-A3	P-1	Total
City and Fiduciary:

(A) Investments are not rated by Moody's, but are rated AAA by Standard and Poor's or Fitch investment rating systems.

For the Fiscal Year Ended June 30, 2022

# NOTE 2 – CASH AND INVESTMENTS (Continued)

#### H. Fair Value Hierarchy

The City categorized its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The following is a summary of the fair value hierarchy of the fair value of investments of the City as of June 30, 2022:

	Level 2	Total
Investments by Fair Value Level:		
City and Fiduciary:		
U.S. Treasury Notes	\$54,701,258	\$54,701,258
Federal Agency Securities	42,450,112	42,450,112
Corporate Medium Term Notes	46,606,507	46,606,507
Negotiable Certificates of Deposit	3,989,919	3,989,919
Asset Backed Securities	22,821,481	22,821,481
Supranational Obligations	6,687,997	6,687,997
Totals	\$177,257,274	177,257,274
Investments Measured at Amortized Cost:		
City and Fiduciary:		
Money Market Mutual Funds		58,100,862
Investments Exempt from Fair Value Hierard City and Fiduciary:	chy:

#### NOTE 3 – CAPITAL ASSETS (Continued)

- **B.** Capital Asset Contributions Some capital assets may have been acquired using federal and State grant funds, or were contributed by developers or other governments. Contributed capital assets are valued at their estimated acquisition value on the date contributed. Generally accepted accounting principles require that these contributions be accounted for as revenues at the time the capital assets are contributed.
- **C. Depreciation** Allocation Depreciation expense is charged to functions and programs based on their usage of the related assets. The amounts allocated to each function or program are as follows:

#### Governmental Activities

Governmental Activities	
Governmental functions	
General government	\$729,438
Fire	316,406
Police	64,491
Public works	6,815,642
Parks and recreation	566,692
Library	67,241
Economic and community development	51,609
<b>Total Governmental Functions</b>	8,611,519
Internal Service Funds	967,562
<b>Total Governmental Activities</b>	\$9,579,081
Business-Type Activities Sewer Enterprise	\$4,814,962
Parking District	252,638
Storm Water	39,839
Total Business-Type Activities	\$5,107,439

### NOTE 4 – INTER-FUND TRANSACTIONS

#### A. Internal Balances

Internal balances are presented in the entity-wide financial statements only. They represent the net interfund receivables and payables remaining after the elimination of all such balances within governmental and business-type activities.

For the Fiscal Year Ended June 30, 2022

# NOTE 4 – INTER-FUND TRANSACTIONS (Continued)

### B. Inter-Fund Receivables and Payables

Amounts due to or due from other funds reflect inter-fund balances for services rendered or short-term loans expected to be repaid in the next fiscal year.

Due From Other Fund	Due to Other Fund	Amount
General Fund	Capital Improvement Capital Projects Fund	\$430,000
	Storm Water Enterprise Fund	630,000
	Community Development Block Grant Special Revenue Fund	210,000
		\$1,270,000

### C. Transfers

Transfers between funds during the fiscal year ended June 30, 2022 were as follows:

FROM FUND (OUT)	TO FUND (IN)	AMOUNT
General Fund	Capital Improvements Capital Projects Fund	\$3,642,829
	Capital Infrastructure Reserve Capitol Projects Fund	8,500,000
	Capital Improvements Civic Campus Capital Projects Fund	102,542
	Non-Major Governmental Funds	8,287,833
	Storm Water Enterprise Fund	250,000
	Internal Service Fund	452,406
American Rescue Plan Act Special Revenue Fund	General Fund	2,560,000
	Capital Improvement Capital Projects Fund	84,259
Capital Improvements Capital Projects Fund	Non-Major Governmental Funds	2,362
East of 101 Sewer Impact Fees Capital Projects Fund	Sewer Enterprise Fund	107,818
Traffic Impact Fees Capital Projects Fund	Capital Improvement Capital Projects Fund	5,929,676
Child Care Impact Fees Capital Projects Fund	Capital Improvement Capital Projects Fund	99,499
Capital Infrastructure Reserve Capital Projects Fund	General Fund	1,104,832
	Low and Moderate Income Housing Asset Special Revenue Fund	2,784
	Capital Improvement Capital Projects Fund	1,107,190
	Non-Major Governmental Funds	34,464
	Sewer Enterprise Fund	234,720
	Parking District Enterprise Fund	1,440
	Storm Water Enterprise Fund	36,720
	Internal Service Fund	619,440
Non-Major Governmental Funds	General Fund	1,098,897
	Capital Improvement Capital Projects Fund	3,606,224
	Sewer Enterprise Fund	147,072
	Storm Water Enterprise Fund	698,541
	Internal Service Fund	60,459
Sewer Enterprise	Capital Improvement Capital Projects Fund	57,076
	Total	\$38,829,083

For the Fiscal Year Ended June 30, 2022

#### **NOTE 5 – LONG-TERM DEBT**

#### A. Current Year Transactions and Balances

A summary of governmental and business-type activities transactions for the fiscal year ended June 30, 2022 follows:

Governmental Activities  Lease Revenue Bonds: 2020A Police Station Project, 4.00 to 5.00% (1) Plus: Unamortized bond premium 2021A Community Civic Campus Project, 4.00% (2) Plus: Unamortized bond premium 2022A Orange Memorial Park Project, 4.00 to 5.25% (3) Plus: Unamortized bond premium	Authorized and Issued \$43,905,000 86,410,000 65,420,000	Balance at June 30, 2021  \$42,970,000 9,483,824 86,410,000 18,116,565	Additions  \$65,420,000 6,686,317	\$980,000 379,353 2,210,000 724,663	Balance at June 30, 2022 \$41,990,000 9,104,471 84,200,000 17,391,902 65,420,000 6,686,317	Current Portion \$1,030,000 2,155,000

(1) **2020A Lease Revenue Bonds** – In February 2020, the City of South San Francisco Public Facilities Financing Authority entered into a \$43.9 million lease agreement to finance costs of the acquisition, construction, and installation of certain capital improvements constituting the new City police station, located within the City's new Civic Center Campus, and related improvements, facilities and equipment, and pay the costs incurred in connection with the issuance of the Series 2020A Bonds. The Series 2020A Bonds are equally and ratably payable from base rental payments to be made by the City for the right to use certain real property consisting of a City-owned parking garage and a City-owned park. The lease agreement contains provisions that in an event of default, the lessor may exercise any and all remedies available to it under the lease agreement, including the right to enforce the terms of the lease.

For the Fiscal Year Ended June 30, 2022

#### **NOTE 5 – LONG-TERM DEBT (Continued)**

- (2) **2021A Lease Revenue Bonds** In May 2021, the City of South San Francisco Public Facilities Financing Authority entered into a \$86.4 million lease agreement to finance costs of the acquisition, construction, and installation of certain capital improvements constituting a new City library, council chamber, parks and recreation facilities, and a community theater to be located within the City's new Civic Center Campus, street and roadway improvements located within the City, solar equipment to be located on City property, and related improvements, facilities and equipment, and pay the costs incurred in connection with the issuance of the Series 2021A Bonds. The Series 2021A Bonds are equally and ratably payable from base rental payments to be made by the City for the right to use certain real property consisting of the same City-owned parking garage and City-owned park pledged under the 2020A Bonds and six additional properties, including the property on which the first two phases of the Community Civic Campus project is being constructed. The lease agreement contains provisions that in an event of default, the lessor may exercise any and all remedies available to it under the lease agreement, including the right to enforce the terms of the lease.
- (3) **2022A Lease Revenue Bonds** In May 2022, the City of South San Francisco Public Facilities Financing Authority entered into a \$65.4 million lease agreement to finance costs of the acquisition, construction and installation of certain capital improvements of the City to be located at the City-owned Orange Memorial Park and pay the costs incurred in connection with the issuance of the Series 2022A Bonds. The Series 2022A Bonds are equally and ratably payable from base rental payments to be made by the City for the right to use certain real property consisting of the same properties pledged under the 2021A Bonds. The lease agreement contains provisions that in an event of default, the lessor may exercise any and all remedies available to it under the lease agreement, including the right to enforce the terms of the lease.
- (4) As of June 30, 2022, the Oyster Point Improvements Impact Fund owed the Successor Agency (formerly the Merged Redevelopment Project Area Capital Project Fund) for developer fees in the amount of \$3,595,152 for the Flyover and Hookramps Projects that were completed in prior years. The outstanding balance will be paid off from the future developer fees. With the dissolution of the Agency effective January 31, 2012, the Successor Agency assumed the asset which the City is to repay. This payable is recorded as a long-term obligation (see also Note 14). Prior to the dissolution of all Redevelopment Agencies in California by the State, the former Redevelopment Agency (Agency) advanced \$12,176,207 to the Oyster Point Improvement Impact Fee Capital Projects Fund (the Oyster Point Fund). The impact fees are collected according to a fee methodology adopted under the terms of AB 1600. The fees are assessed against commercial development in a specific geographic area that is primarily east of Highway 101 to repay the former Agency for the funds it advanced to the Oyster Point Fund to pay for freeway interchange improvements at Highway 101 and Oyster Point Blvd, and are assessed per an adopted Engineering report's formula that measures each new development's impact on the area's trip traffic. While the former Agency advanced the funds, the impact fee was put in place specifically to charge future developers for their share of traffic trips generated prior to the construction of the improvements. When the Agency was dissolved, the Successor Agency, and therefore, all local taxing entities, are entitled to receive future Oyster Point Impact fees collected by the City from developers. Future developers, not the City of South San Francisco, are legally obligated to pay the future fees until the liability owed to the Successor Agency is paid off as long as the fee continues to be levied and is in place. The repayment has significantly slowed since 2007, as development has subsided and fees assessed have therefore dropped. Management believes it may take 10-30 years or more before the Successor Agency is fully paid back.

For the Fiscal Year Ended June 30, 2022

#### NOTE 5 – LONG-TERM DEBT (Continued)

- (5) The City has entered into long-term **lease financing agreements** with various financing agencies. Under these leases, all leased assets shall be distributed to the City at the end of the lease terms and shall thereafter remain the sole property of the City. Therefore, these leases have been recorded at the present value of the future minimum lease payments at the date of inception of the lease, and the corresponding assets have been included in the Statement of Net Position as appropriate. Lease financing payments are made from revenues of the Equipment Replacement Internal Service Fund and the General Fund. The lease agreements contain provisions that in an event of default, the lessor may (a) seize the properties, (b) sell or lease the properties or (c) exercise any and all remedies available to it under applicable law, including the right to enforce the terms of the lease, recover damages from the breach of the lease, and rescind the lease as to any portion of or all of the properties.
- (6) On October 25, 2005, the California Statewide Communities Development Authority issued **2005D Water and Wastewater Revenue Bonds**. The City participated in the pooled bond sale and the City's portion of the debt is \$6,000,000. Proceeds were used to finance sewer system capital improvement.

The principal payments on the debt commenced in October 2006 and principal is due each October 1. The final principal payment is due on October 1, 2026. Interest payments ranging from the rates of 2.75% to 4.75% are payable semi-annually each April 1 and October 1.

As of June 30, 2022, the City is in compliance with the provisions of Article VI of the Installment Purchase Agreement associated with the 2005D Bonds.

The 1999 and 2004 State Water Resources Loans and the 2005D Water and Wastewater Revenue Bonds are secured by a pledge of net revenues of the City's Sewer Enterprise Fund. Net Revenues available for debt service amounted to \$8.3 million which represented coverage of 1.62 over the \$5.126.802 in total debt service.

- (7) The two loans were authorized by the **State Water Resources Control Board (SWRCB)** to improve and expand the City's wastewater treatment plant. Loan proceeds were issued as the projects progressed and debt service payments commenced one year after project completion. The loan agreements include provisions that in an event of default, all principal payments shall be immediately due and payable, interests on all amounts owed shall be paid at the highest legal rate, any additional payments shall be made and SWRCB shall enforce its rights under the agreements by any judicial proceeding, whether in law or equity.
- (8) **2008 State Water Resources Control Board Loan** In November 2007, the City approved the \$11.8 million loan agreement with the SWRCB to finance the City's Wet Weather Program project. Under the terms of the contract, the City has agreed to repay \$11.8 million to the State in exchange for receiving \$9.2 million in proceeds to be used to fund the Project. The difference between the repayment obligation and proceeds amounted to \$2.6 million and represents insubstance interest on the outstanding balance. Debt service payments commenced on August 15, 2009.

For the Fiscal Year Ended June 30, 2022

#### NOTE 5 – LONG-TERM DEBT (Continued)

(9) **2018 State Water Resources Control Board Loan** – In September 2018, the City entered into a \$53.4 million loan agreement with the SWRCB to finance the South San Francisco/San Bruno's Water Quality Control Plant Wet Weather and Digester Project. A portion of this amount, \$4 million, is anticipated to be forgiven on the date of completion of construction. For the remaining \$49.4 million, under the terms of the loan agreement the City has agreed to repay \$59.2 million to the State. The difference between the repayment obligation and proceeds amounted to \$9.8 million and represents in-substance interest on the outstanding balance.

As of June 30,2022, the City has drawn down \$48.6 million from SWRCB, with the remaining balance of \$4.8 million expected to be drawn down in fiscal year 2023. There was no debt service payment required in fiscal year 2022, with the first debt service payment due in fiscal year ending 2024. Future debt service is expected to average \$3 million per year through fiscal year 2043.

In the event default has occurred, the City shall, upon demand, immediately accelerate the payment of all principal owed under this loan agreement, if any, which shall be immediately due and payable; pay interest at the highest legal rate on all amounts owed; and pay any additional payments as defined in the loan agreement.

The 2008 and 2018 loans are secured by a pledge of sewer service charge revenues of the City's Sewer Enterprise Fund. Sewer service charge revenues available for debt service amounted to \$22.6 million which represented coverage of 42 over the \$538,642 in debt service.

#### B. Debt Service Requirements

Annual debt service requirements are shown below for all long-term debt with specified repayment terms:

_	Governmenta	al Activities	Business-Type	Activities
·			2005 Wate	er and
For the Year	Lease Rever	nue Bonds	Wastewater Rev	enue Bonds
Ended June 30	Principal	Interest	Principal	Interest
2023	\$3,185,000	\$8,280,065	\$360,000	\$90,000
2024	3,320,000	8,205,338	375,000	71,625
2025	5,170,000	8,058,737	395,000	52,375
2026	5,410,000	7,826,538	415,000	32,125
2027	5,650,000	7,580,287	435,000	10,875
2028-2032	32,225,000	33,938,388		
2033-2037	39,855,000	26,306,437		
2038-2042	49,280,000	16,877,788		
2043-2047	47,515,000	5,414,012		
<del>-</del>	191,610,000	\$122,487,590	\$1,980,000	\$257,000
Plus: Unamortized bond premium	33,182,690			
	\$224,792,690			

For the Fiscal Year Ended June 30, 2022

#### NOTE 5 – LONG-TERM DEBT (Continued)

Future debt service requirements, including interest and leases financings, but excluding the 2007 Loan payable to the Redevelopment Successor Agency and the 2018 State Water Resources Loan at June 30, 2022, were as follows:

	Direct Borrowings				
For the Year	Governmental	Activities	Business-Typ	e Activities	
Ended June 30	Principal	Interest	Principal	Interest	
2023	\$144,637	\$2,870	\$4,952,308	\$266,607	
2024			1,805,393	145,017	
2025			1,850,025	105,421	
2026			1,895,761	64,842	
2027			540,574	23,253	
2028-2032			1,120,382	23,621	
Totals _	144,637	\$2,870	12,164,443	\$628,761	
2007 Loans Payable	2,150,152				
2018 State Water Resources Loan			48,635,007		
=	\$2,294,789		\$60,799,450		

Lease financing agreements are issued for the purpose of financing the construction or acquisition of projects defined in each leasing arrangement. Projects are leased to the City for lease payments which, together with unspent proceeds of the leasing arrangement, will be sufficient to meet the debt service obligations of the leasing arrangement. At the termination of the leasing arrangement, title to the project will pass to the City.

Leasing arrangements are similar to debt; they allow investors to participate in a share of guaranteed payments which are made by the City. Because they are similar to debt, the present value of the total of the payments to be made by the City is recorded as long-term debt. The City's leasing arrangements are included in long term obligations discussed above.

A summary of capital assets leased through the issuance of leasing arrangements follows:

		Original
Leasing Arrangement	Fund/Activity	Cost
Capital Leases	Governmental Activity	\$5,842,799

#### C. Legal Debt Margin

The City is subject to a debt limit that is 3.75% of the total assessed value of property, net of exempt real property. At June 30, 2022, that amount was \$924,439,440. As of June 30, 2022, the City did not have any outstanding debt applicable to the limit.

#### D. Debt without City Commitment

In April 2022 the Community Facilities District No. 2021-01 Special Tax Bonds, Series 2022 in the amount of \$19,685,000 were issued by the City of South San Francisco Community Facilities District No. 2021-01. The City is the collecting and paying agent for the debt issued by the District, but has no direct or contingent liability or moral obligation for the payment of this debt. As of June 30, 2022 the outstanding balance of the issue was \$19,685,000.

For the Fiscal Year Ended June 30, 2022

#### NOTE 6 – NET POSITION AND FUND BALANCES

#### A. Net Position

Net Position is the excess of all the City's assets and deferred outflows of resources over all its liabilities and deferred inflows of resources, regardless of fund. Net Position is divided into three captions. These captions apply only to Net Position, which is determined only at the Government-wide level, and are described below:

*Net Investment in Capital Assets* describes the portion of Net Position which is represented by the current net book value of the City's capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted describes the portion of Net Position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the City cannot unilaterally alter.

Unrestricted describes the portion of Net Position which is not restricted to use.

#### B. Fund Balance

The City's fund balances are classified in accordance with generally accepted accounting principles which require the City to classify its fund balances based on spending constraints imposed on the use of resources.

For programs with multiple funding sources, the City prioritizes and expends funds in the following order: Restricted, Committed, Assigned, and Unassigned. Each category in the following hierarchy is ranked according to the degree of spending constraint.

Nonspendables represents balances set aside to indicate items do not represent available, spendable resources even though they are a component of assets. Fund balances required to be maintained intact, such as Permanent Funds, and assets not expected to be converted to cash, such as prepaids, notes receivable, and land held for redevelopment are included. However, if proceeds realized from the sale or collection of nonspendable assets are restricted, committed or assigned, then Nonspendable amounts are required to be presented as a component of the applicable category.

Restricted fund balances have external restrictions imposed by creditors, grantors, contributors, laws, regulations, or enabling legislation which requires the resources to be used only for a specific purpose. Nonspendable amounts subject to restrictions are included along with spendable resources.

Committed fund balances have constraints imposed by Council Resolution of the City Council which may be altered only by Council Resolution of the City Council. Nonspendable amounts subject to council commitments are included along with spendable resources.

For the Fiscal Year Ended June 30, 2022

### **NOTE 6 – NET POSITION AND FUND BALANCE (Continued)**

Assigned fund balances are amounts constrained by the City's intent to be used for a specific purpose, but are neither restricted nor committed. Intent is expressed by the City Council or its designee and may be changed at the discretion of the City Council or its designee. The City Council had delegated authority to the Finance Director to assign fund balances which are not otherwise restricted or committed. This category includes nonspendables, when it is the City's intent to use proceeds or collections for a specific purpose, and residual fund balances, if any, of Special Revenue, Capital Projects and Debt Service Funds which have not been restricted or committed.

*Unassigned* fund balance represents residual amounts that have not been restricted, committed, or assigned. This includes the residual general fund balance and residual fund deficits, if any, of other governmental funds.

Minimum Fund Balance Policies – The City's Reserve Policy is to have the General Fund Reserves equal to at least two months of operating revenues of 15% and up to 20%, which is in alignment with GFOA best practices. Included is an emergency reserve that reflects 2% of the general fund operating expenditures budget as well as an economic contingency which is 7% of general fund revenues. Funds in excess of these requirements will continue to be earmarked for paying down long-term liabilities, such as the Retiree Health/Other Post-Employment Benefits (OPEB) or for Infrastructure and Facilities Replacement needs.

Detailed classifications of the City's Fund Balances, as of June 30, 2022, are below:

			Ca	ls	
Fund Balance Classifications	General Fund	Low and Moderate Income Housing Assets	Capital Improvement	East of 101 Sewer Impact Fees	Traffic Impact Fees
Nonspendables: Items not in spendable form: Inventory and prepaid items	\$4,099

#### C. Encumbrances

The City uses an encumbrance system as an extension of normal budgetary accounting for governmental funds. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are recorded as restricted, committed or assigned fund balance, depending on the classification of the resources to be used to liquidate the encumbrance, since they do not constitute expenditures or liabilities. Unexpended appropriations lapse at year-end and must be reappropriated in the following year. Encumbrances outstanding in governmental funds as of June 30, 2022, were as listed below:

Governmental funds:	Amount
General Fund	\$7,482,439
Low and Moderate Income Housing Assets Special Revenue Fund	10,743
Capital Improvement Capital Projects Fund	27,517,978
Capital Infrastructure Reserve Capital Projects Fund	1,617,850
Capital Improvements Police Station Capital Projects Fund	47,722
Capital Improvements Civic Campus Capital Projects Fund	34,182,728
Other Governmental Funds	2,677,758
Total	\$73,537,218

#### CITY OF SOUTH SAN FRANCISCO NOTES TO BASIC FINANCIALS STATEMENTS For the Fiscal Year Ended June 30, 2022

#### **NOTE 7 – PENSION PLANS**

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### A. General Information about the Pension Plans

**Plan Descriptions** – All qualified permanent and probationary employees are eligible to participate in the City's separate Safety (police and fire) and Miscellaneous (all other) Plans, agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and City resolution.

CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

**Benefits Provided** – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

For the Fiscal Year Ended June 30, 2022

### NOTE 7 – PENSION PLAN (Continued)

The Plans' provisions and benefits in effect at June 30, 2022, are summarized as follows:

		Miscellaneous

Required employer contribution rates	20.59%	20.59%	20.59%
Required Unfunded Actuarial Liability Contribution	'-	\$8.906.578	_

<sup>\*\*</sup> Effective October 2018, Classic Plan and Tier 2 Plan members in the Executive Management Unit are required to pay an additional 2% for their share of pension costs.

Beginning in fiscal year 2016, CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded liability (UAL). The dollar amounts are billed on a monthly basis or the City can elect a lump sum payment option. The City's required contributions for the unfunded liability in the Miscellaneous and Safety Plans for the year ended June 30, 2022 were \$6,718,047 and \$8,906,578, respectively, which were made under the lump sum payment option.

*Employees Covered* – As of the June 30, 2020 actuarial valuation date and the June 30, 2021 measurement date, the following employees were covered by the benefit terms for the Plans:

	Miscellaneous	Safety
Inactive employees or beneficiaries currently receiving benefits	481	297
Inactive employees entitled to but not yet receiving benefits	396	104
Active employees	283	158
Total	1,160	559

For the Fiscal Year Ended June 30, 2022

#### **NOTE 7 – PENSION PLAN (Continued)**

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer Contribution rates may change if plan contracts are amended.

#### B. Net Pension Liability

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each Plan is measured as of June 30, 2021, using an annual actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. The long-term portion of governmental activities net pension liability is liquidated primarily by the General Fund. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

*Actuarial Assumptions* – The total pension liabilities as of the June 30, 2021 measurement date were based on the following actuarial assumptions:

	Miscellaneous and Safety (1)
Valuation Date	6/30/2020
Measurement Date	6/30/2021
Actuarial Cost Method Entry-Age Normal Cost Method	
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Payroll Growth	2.75%
Salary Increase	(2)
Investment Rate of Return	7.15% (3)
Mortality	Derived using CalPERS Membership Data for all Funds (4)
Post Retirement Benefit Increase	The lesser of contract COLA or 2.50% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.50% thereafter

- (1) Actuarial assumptions are the same for all benefitiers (Classic Tier I, Classic Tier II, and PEPRA)
- (2) Depending on age, service and type of employment.
- (3) Net of pension plan investment expenses, including inflation.
- (4) The mortality table used was developed based on CalPERS' specific data. The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.

For the Fiscal Year Ended June 30, 2022

#### **NOTE 7 – PENSION PLAN (Continued)**

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2020 valuation were based on the results of a December 2017 actuarial experience study for the period 1997 to 2015. Further details of the Experience Study can be found on the CalPERS website.

**Discount Rate** – The discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate for each Plan assumed that contributions from all plan members in the Public Employees Retirement Fund (PERF) will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, each Plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members for all plans in the PERF. Therefore, the long-term expected rate of return on plan investment was applied to all periods of projected benefit payment to determine the total pension liability for each Plan.

The long- term expected rate of return on pension plan investments was determined using a building- block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long- term expected rate of return, CalPERS took into account both short- term and long- term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the fund's asset classes, expected compound (geometric) returns were calculated over the short- term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short- term and long- term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short- term and long- term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted for assumed administrative expenses.

The table below reflects the long-term expected real rates of return by asset class.

Asset Class(a)	Assumed Asset Allocation	Real Return Years 1 - 10(b)	Real Return Years 11+(c)
Public Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
Total	100%		

- (a) In the CalPERS's Annual Comprehensive Financial Reports, Fixed income is included in Global Debt Securities; Liquidity is included in Short-Term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.
- (b) An expected inflation of 2.0% used for this period.
- (c) An expected inflation of 2.92% used for this period.

For the Fiscal Year Ended June 30, 2022

# NOTE 7 – PENSION PLAN (Continued)

## C. Changes in the Net Pension Liability

The changes in the Net Pension Liability for each Plan are as follows:

#### Miscellaneous Plan:

Miscenticous I tun.	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability/(Asset)
Balance at June 30, 2020 (Measurement Date)	\$254,824,922	\$167,734,633	\$87,090,289
Changes in the year:			
Service cost	4,274,015		4,274,015
Interest on the total pension liability	17,951,111		17,951,111
Changes of benefit terms			
Chases of assumptions			
Differences between actual and expected experience	1,018,943		1,018,943
Plan to plan resource movement			
Contribution - employer		8,623,876	(8,623,876)
Contribution - employees		2,006,497	(2,006,497)
Net investment income		38,008,815	(38,008,815)
Benefit payments, including refunds of employee	(42.022.550)	(40.000.550)	
contributions	(13,832,759)	(13,832,759)	
Administrative expenses		(167,557)	167,557
Other Miscellaneous Income/(Expense)	0.411.210	24 (20 072	(25.227.5(2)
Net changes	9,411,310	34,638,872	(25,227,562)
Balance at June 30, 2021 (Measurement Date)	\$264,236,232	\$202,373,505	\$61,862,727
Safety Plan:

Grand Total - Both Plans	\$640,377,145	\$495,997,643	\$144,379,502

For the Fiscal Year Ended June 30, 2022

### NOTE 7 – PENSION PLAN (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate — The following presents the net pension liability of the City for each Plan, calculated using the discount rate for each Plan, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Miscellaneous	Safety
1% Decrease	6.15%	6.15%
Net Pension Liability	\$95,542,624	\$133,020,062
Current Discount Rate	7.15%	7.15%
Net Pension Liability	\$61,862,727	\$82,516,775
1% Increase	8.15%	8.15%
Net Pension Liability	\$33,959,512	\$40,965,167

**Pension Plan Fiduciary Net Position** – Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

#### D. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the City recognized pension expense of \$4,436,373 and \$5,970,893 for the Miscellaneous and Safety Plans, respectively, for total pension expense of \$10,407,266. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

#### Miscellaneous Plan:

	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Pension contributions subsequent to measurement date	\$9,491,640	
Changes of assumptions		
Differences between actual and expected experience	1,100,830	
Net differences between projected and actual earnings on		
plan investments		(\$18,914,071)
Total	\$10,592,470	(\$18,914,071)
Safety Plan:		
	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Pension contributions subsequent to measurement date	\$13,387,919	
Changes of assumptions		
Differences between actual and expected experience	1,671,857	
Net differences between projected and actual earnings on		
plan investments		(\$27,272,371)
Total	\$15,059,776	(\$27,272,371)
Grand Total	\$25,652,246	(\$46,186,442)

For the Fiscal Year Ended June 30, 2022

#### NOTE 7 – PENSION PLAN (Continued)

\$22,879,559 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Miscellaneous Plan:		Safety Plan:	Safety Plan:	
	Year Ended	Annual	Year Ended	Annual
	June 30	Amortization	June 30	Amortization
	2023	(\$3,928,150)	2023	(\$5,867,151)
	2024	(4,110,738)	2024	(5,672,976)
	2025	(4,542,742)	2025	(6,504,757)
	2026	(5.231.611)	2026	(7,555,630)

#### **E**. Subsequent Event – Reduction of CalPERS Discount Rate

On July 12, 2021, CalPERS reported a preliminary 21.3% net return on investments for fiscal year 2020-21. Based on the thresholds specified in CalPERS Funding Risk Mitigation policy approved by the CalPERS Board in 2015, the excess return of 14.3% prescribes a reduction in investment volatility that corresponds to a reduction in the discount rate used for funding purposes of 0.20%, from 7.00% to 6.80%. Since CalPERS was in the final stages of the four-year Asset Liability Management (ALM) cycle, the CalPERS Board elected to defer any changes to the asset allocation until the ALM process concluded, and the board could make its final decision on the asset allocation in November 2021.

On November 17, 2021, the board adopted a new strategic asset allocation. The new asset allocation along with the new capital market assumptions, economic assumptions and administrative expense assumption support a discount rate of 6.80% (net of investment expense, but without a reduction for administrative expense) for financial reporting purposes. This includes a reduction in the price inflation assumption from 2.50% to 2.30% as recommended in the November 2021 CalPERS Experience Study and Review of Actuarial Assumptions. This study also recommended modifications to retirement rates, termination rates, mortality rates and rates of salary increases that were adopted by the CalPERS Board. These new assumptions will be reflected in the CalPERS GASB 68 accounting valuation reports for the June 30, 2022, measurement date.

For the Fiscal Year Ended June 30, 2022

#### NOTE 8 – DEFERRED COMPENSATION PLAN

City employees may defer a portion of their compensation under a City sponsored Deferred Compensation Plan created in accordance with Internal Revenue Code Section 457. Under this Plan, participants are not taxed on the deferred portion of their compensation until it is distributed to them; distributions may be made only at termination, retirement, death or in an emergency as defined by the Plan. The City does not make any contributions to the Plan.

The City has no liability for any losses incurred by the Plan and does not participate in any gains, but does have the duty of due care that would be required of an ordinary prudent investor. The City has a contract with Empower Retirement to manage and invest the assets of the Plan. The assets in the Plan are the sole property of the participants or their beneficiaries. Since the assets held under the Plan are not the City's property and are not subject to claims by general creditors of the City, they have been excluded from these financial statements. The Plan requires investments to be stated at fair value and it requires all gains and losses on Plan investments to accrue directly to participant accounts.

The laws governing deferred compensation plan assets require plan assets to be held by a Trust for the exclusive benefit of plan participants and their beneficiaries. Since the assets held under these plans are not the City's property and are not subject to City control, they have been excluded from these financial statements.

#### NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS

### A. General Information about the City's Other Post Employment Benefit (OPEB) Plans

The City provides certain health care benefits for all employees who retire after attaining age 50 with at least five years of service or disability at any age. The City provides certain health care benefits for those employees hired prior to April 25, 2010. In order to reduce the City's OPEB obligations over time, the City changed to a defined contribution post-retirement health plan for employees hired as of April 25, 2010 or after. For those new hires, the City is now providing a medical after retirement health plan (MARA), and contributes 1.5% of salary for those employees.

#### B. Defined Benefit Plan Description

The City's Post Employment Benefit Plan for employees hired prior to April 25, 2010 is an agent multiple-employer defined benefit OPEB plan.

The City joined the California Employers' Retiree Benefit Trust (CERBT), an agent multiple-employer plan administered by CalPERS, consisting of an aggregation of single-employer plans. The CERBT issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained from the California Public Employees' Retirement System, CERBT, P.O. Box 942703, Sacramento, CA 94229-2703.

For the Fiscal Year Ended June 30, 2022

#### NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS (Continued)

**Benefits provided** – The following is a summary of Plan benefits by employee group as of June 30, 2022:

Eligibility	• Hired < 4/25/2010		
	Retire directly from City and elect coverage:		
	Age 50 and 5 years City service or		
	Disability retirement with 5 years City service		
Benefit	City pays single premium up to largest HMO single premium		
	Cap for 2021/22:		
	- \$1,430.80/month pre-65 (Blue Shield)		
	- \$785.04/month post-65 Medicare eligible (Blue Shield)		
	- \$1,971.53/ month post-65 not Medicare eligible (Kaiser)		
	Medicare ineligible retirees allowed to stay in their pre-		
	Medicare premium plans after age 65		
Surviving Spouse	Participation with premium payment		
Benefit	AFSCME, Local 1569, Mid-Management, IAFF		
	• surviving spouses covered 2 months following death of		
Other OPEB	City also reimburses Medicare Part B		
	No City-paid contribution for dental, vision, or life		

For the year ended June 30, 2022, the City's contributions to the Plan were \$4,810,361.

*Employees Covered by Benefit Terms* – Membership in the plan consisted of the following at the measurement date of June 30, 2020:

Active employees	181
Inactive employees or beneficiaries currently	
receiving benefit payments	368
Total	549

# C. OPEB Liabilities, OPEB Expenses, and Deferred Outflows/Inflows of Resources Related to OPEB

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's OPEB Plan and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the California Employers' Retiree Benefit Trust (CERBT). For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. The long-term portion of governmental activities net OPEB liability is liquidated primarily by the General Fund.

For the Fiscal Year Ended June 30, 2022

#### **NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS (Continued)**

#### D. Net OPEB Liability

Actuarial Methods and Assumptions – The City's net OPEB liability was measured as of June 30, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2021, based on the following actuarial methods and assumptions:

#### **Actuarial Assumptions** Valuation Date • June 30, 2021 Measurement Date • June 30, 2021 Contribution Policy • City contributes \$802,000 per year into trust Actuarial Cost Method • Entry Age Normal, Level Percentage of Payroll Amortization Method · Level dollar Amortization Period • Average of 21 years remaining for 2021/22 Discount Rate and Long-Term Expected • 6.25% at June 30, 2021 Rate of Return on Assets • 6.75% at June 30, 2020 • Expected City contributions projected to keep sufficient plan assets to pay all benefits from trust. Inflation • 2.50% per annum Salary Increases • Aggregate - 2.75% annually • Merit - CalPERS 1997-2015 Experience Study Healthcare/Medical Trend • Non-Medicare - 6.75% for 2022, decreasing to an ultimate rate of 3.75% in 2076 and later years • Medicare (Non-Kaiser) - 5.85% for 2022, decreasing to an ultimate rate of 3.75% in 2076 and later years • Medicare (Kaiser) - 4.75 for 2022, decreasing to an ultimate rate of 3.75% in 2076 and later years

• CalPERS 1997-2015 Experience Study

• Mortality projected fully generational with Scale MP-2021

Healthcare participation for future retirees • 100% if covered, 95% if waived

Mortality, Retirement, Disability, Termination

Mortality Improvement

For the Fiscal Year Ended June 30, 2022

#### **NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS (Continued)**

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Global equity	59.0%	4.56%
Fixed income	25.0%	0.78%
TIPS	5.0%	0.08%
Commodities	3.0%	1.22%
REITs	8.0%	4.06%
Total	100.0%	
Assumed Long-Term Rate of Infla	tion	2.50%
Expected Long-Term Net Rate of I	Return, Rounded	6.25%

**Discount Rate** – The discount rate used to measure the total OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes of Assumptions – For the measurement date of June 30, 2022, the discount rate decreased from 6.75% to 6.25%, the inflation rate decreased from 2.75% to 2.50%, the payroll growth rate decreased from 3.00% to 2.75%, the medical trend rate for Kaiser Senior Advantage decreased from 7.0% to 6.75% and the mortality improvement scale was updated to Scale MP- 2021.

For the Fiscal Year Ended June 30, 2022

### **NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS (Continued)**

#### E. Changes in Net OPEB Liability

The changes in the net OPEB liability follows:

	Increase (Decrease)				
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability/(Asset) (a) - (b)		
Balance at June 30, 2020 Measurement Date	\$90,241,209	\$25,868,613	\$64,372,596		
Changes Recognized for the Measurement Period:	·				
Service Cost	1,515,601		1,515,601		
Interest on the total OPEB liability	6,058,295		6,058,295		
Changes in benefit terms					
Differences between expected and actual experience	(3,331,956)		(3,331,956)		
Changes of assumptions	1,446,069		1,446,069		
Contributions from the employer		4,810,361	(4,810,361)		
Net investment income		7,140,915	(7,140,915)		
Benefit payments	(4,008,599)	(4,008,599)			
Administrative expenses	, , , ,	(9,829)	9,829		
Net changes	1,679,410	7,932,848	(6,253,438)		
Balance at June 20, 2021 Measurement Date	\$91,920,619	\$33,801,461	\$58,119,158		

## F. Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates

The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current discount rate:

	Net OPEB Liability/(Asset)	
Discount Rate -1%	Current Discount Rate	Discount Rate +1%
(5.75%)	(6.75%)	(7.75%)
\$70,042,838	\$58,119,158	\$48,248,701

The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates as discussed in the assumptions above:

Net OPEB Liability/(Asset)				
Current Healthcare Cost				
1% Decrease	Trend Rates	1% Increase		
\$48,009,017	\$58,119,158	\$70,365,417		

For the Fiscal Year Ended June 30, 2022

#### NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS (Continued)

#### G. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the City recognized OPEB expense of \$4,372,607. At June 30, 2022, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	of Resources	of Resources
Employer contributions made subsequent to the measurement date	\$4,868,877	
Differences between actual and expected experience	483,000	(\$2,183,006)
Changes of assumptions	947,425	(808,048)
Net differences between projected and actual earnings on		
plan investments		(3,831,526)
Total	\$6,299,302	(\$6,822,580)

\$4,868,877 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as part of OPEB expense as follows:

Year	Annual
Ended June 30	Amortization
2023	(\$1,800,034)
2024	(1,598,303)
2025	(916,853)
2026	(1.076,965)

#### H. Defined Contribution Plan

The City of South San Francisco funded HRA Plan is a defined contribution OPEB plan for employees hired on or after April 25, 2010. For those new hires, the City provides a medical after retirement health plan (MARA), and contributes 1.5% of salary for those employees. In addition, employees contribute to the MARA plan as directed by their respective bargaining unit's Memorandum of Understanding or compensation plan.

The plan is administered by Matrix Trust Company. Employee contributions for the fiscal year totaled \$397,012. Employer contributions of \$493,299 were paid into the Defined Contribution Plan. No liability for the defined contribution has been included in the report since the City fully paid the annual required contribution. Since the assets held under this plan are not the City's property and are not subject to claims by general creditors of the City, the assets have been excluded from these financial statements.

For the Fiscal Year Ended June 30, 2022

#### **NOTE 10 – LEASES**

#### A. Policies

A lease is defined as a contract that conveys control of the right to use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. Examples of nonfinancial assets include buildings, land, vehicles, and equipment. The City recognizes lease receivable or liabilities with an initial, individual value of \$1,000,000 or more, based on the present value of future lease payments remaining at the start of the lease.

Lessee – The City does not have any noncancellable leases of nonfinancial assets as of June 30, 2022, other than the financed purchase discussed in Note 5. The Conference Center Authority is a lessee for the noncancellable lease of the Conference Center from the City. At the commencement of a lease, City or Conference Center Authority recognize a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements.

At the commencement of a lease, the City or Conference Center Authority initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City or Conference Center Authority determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments as follows:

- The City or Conference Center Authority uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City or Conference Center Authority generally uses its respective estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease payments included in the measurement of the lease liability are composed of fixed
  payments and purchase option price that the City or Conference Center Authority is
  reasonably certain to exercise.

The City and Conference Center Authority monitor changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

**Lessor** – The City is a lessor for a noncancellable leases of buildings, billboards and facilities. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and fund financial statements.

#### CITY OF SOUTH SAN FRANCISCO NOTES TO BASIC FINANCIALS STATEMENTS For the Fiscal Year Ended June 30, 2022

#### NOTE 10 – LEASES (Continued)

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts as follows:

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

#### B. Leases Receivable

The balances related to leases receivable and deferred inflows of resources as of June 30, 2022 were:

	Lease Receivable	Deferred Inflows of Resources
<b>Governmental Activities</b>		
Leases Receivable (Lessor)		
General Fund:		
Conference Center	\$2,409,308	\$2,404,923
Costco	4,165,186	4,107,234
Billboards	6,881,282	6,695,107
Low and Moderate Income Housing Assets Fund:		
Magnolia	1,197,345	1,183,182
Total governmental activities leases receivable	\$14,653,121	\$14,390,446

For the Fiscal Year Ended June 30, 2022

#### NOTE 10 – LEASES (Continued)

Conference Center – The Conference Center Authority, a discrete component unit, leases land from the City under an operating lease commencing on January 1, 1999, with a 30-year term from February 1, 1999, to January 31, 2029. The rent amount is subject to re-negotiation at the option of either party between January 1 and February 28, 2009 and 2019. The cost and carrying amount of leased land under this lease receivable is \$5,040,000. The City recognized \$343,560 in lease revenue and \$82,454 in interest revenue during the current fiscal year related to this lease. Also, the City has deferred inflows of resources associated with these leases that will be recognized as revenue over the lease term.

Costco – Price Club Associates leases the land for the Costco store on South Airport Boulevard from the City. Lease payments are based on a percentage of Costco's gross annual sales, with minimum annual rent set at \$400,000, payable in monthly installments of \$33,333. In fiscal 2014, Costco exercised the option to extend the lease through fiscal year 2029, with an option for a 6 year extension through fiscal year 2035. The City recognized \$328,579 in lease revenue and \$129,373 in interest revenue during the current fiscal year related to this lease. Also, the City has deferred inflows of resources associated with these leases that will be recognized as revenue over the lease term.

Billboards – The City leases digital billboard space to third parties under three lease agreements. The original terms of the leases were thirty years and as of June 30, 2022, the leases had 22 to 29 years remaining. The rent is based on a minimum annual guaranteed payment, paid on an annual basis, which increases 15% every five years. The City recognized \$252,169 in lease revenue and \$208,007 in interest revenue during the current fiscal year related to these leases. Also, the City has deferred inflows of resources associated with these leases that will be recognized as revenue over the lease term.

*Magnolia* – Magnolia Housing leases the land for Magnolia Plaza Senior Apartments from the City. Minimum lease payments are set at \$51,800, and are payable through the fiscal year 2062. The City recognized \$29,580 in lease revenue and \$36,383 in interest revenue during the current fiscal year related to this lease. Also, the City has deferred inflows of resources associated with these leases that will be recognized as revenue over the lease term.

#### C. Lease Payable

The Conference Center Authority's lease payable consists of the following as of June 30, 2022:

	Balance			
	June 30, 2021		Balance	Current
	(as restated)	Deductions	June 30, 2022	Portion
Land Lease	\$2,748,483	\$339,176	\$2,409,307	\$349,429

#### CITY OF SOUTH SAN FRANCISCO NOTES TO BASIC FINANCIALS STATEMENTS For the Fiscal Year Ended June 30, 2022

### NOTE 10 – LEASES (Continued)

The Authority has a property lease agreement with the City of South San Francisco for 30 years expiring in 2029. Under the agreement, the City subleases to the Authority, the property in exchange for the annual lease payment for the use of land. During the fiscal year, the lease payments totaled \$420,000. The total principal and interest paid during the year was \$80,824 and \$339,176, respectively. The initial present value of the right of use asset and lease liability, at a treasury bond rate of 3.00% over the thirty years, was \$2,748,483. The balance of the right of use asset as of June 30, 2022 was \$1,948,783, net of accumulated amortization, which is reported with the Authority's capital assets in Note 3. The balance of the lease liability as of June 30, 2022 was \$2,409,307. There are termination clauses included in the lease agreement, however management has determined that it is not likely that those clauses will be exercised.

Future minimum lease payments as of June 30, 2022 are as follows:

Year Ending June 30	0 1		Total
2023	\$349,429	\$70,571	\$420,000
2024	359,990	60,010	420,000
2025	370,871	49,129	420,000
2026	382,080	37,920	420,000
2027	393,629	26,371	420,000
2028-2029	553,308	16,692	570,000
	\$2,409,307	\$260,693	\$2,670,000

#### NOTE 11 – JOINTLY GOVERNED ORGANIZATIONS

The City participates in the jointly governed organizations discussed below through formally organized and separate entities established under the Joint Exercise of Powers Act of the State of California. As separate legal entities, these entities exercise full powers and authorities within the scope of the related Joint Powers Agreements including the preparation of annual budgets, accountability for all funds, the power to make and execute contracts and the right to sue and be sued. Each joint organization is governed by a board consisting of representatives from member municipalities. Each board controls the operations of the respective joint organization, including selection of management and approval of operating budgets, independent of any influence by member municipalities beyond their representation on that board. Obligations and liabilities of this joint organization are not the City's responsibility and the City does not have an equity interest in the assets of each joint organization except upon dissolution of the joint organization.

#### A. Oyster Point Marina

(OPM) was established in 1977 by the City and the San Mateo County Harbor District (Harbor District) for the purpose of expanding, improving and operating the Oyster Point Marina and Park. The governing board consists of two of the City's council members and two Harbor District commissioners. The Harbor District operates OPM. Operation of the Marina provides revenues for the marina's operations. The City retains title to the land; however, the City is not liable for any obligations of the San Mateo County Harbor District. Condensed unaudited financial information may be obtained from San Mateo County Harbor District, #1 Johnson Pier, Half Moon Bay, CA 94019.

For the Fiscal Year Ended June 30, 2022

#### NOTE 11 – JOINTLY GOVERNED ORGANIZATIONS (Continued)

#### B. Peninsula Traffic Congestion Relief Alliance (PTCRA)

PTCRA was formed from the merger of the Inter City Transportation Systems Management Agency and Multi-City Transportation Systems Management Agency (MCTSMA) in 2000. The members are the cities of South San Francisco, Brisbane, Colma, Daly City, Half Moon Bay, Millbrae, Pacifica and San Bruno and seven other members for the purpose of mitigating traffic congestion. The governing board consists of one council member from each member city. The finance director of the City of San Carlos acts as the treasurer and controller of PTCRA. The individual cities are not liable for the debts, liabilities or obligations of PTCRA. Each member city has an equal interest in PTCRA. Condensed accrual basis unaudited financial information may be obtained from the City of San Carlos Finance Department, 666 Elm Street, San Carlos, CA 94070.

#### C. City/County Association of Governments (C/CAG)

C/CAG was established in 1990 by the County of San Mateo and the Cities of San Mateo County for preparation, adoption, monitoring and enforcing of Countywide state mandated plans. A Board of Directors consisting of one council member from each member city and one member from the County Board of Supervisors governs C/CAG. The city treasurer of San Carlos acts as the treasurer of C/CAG. The individual cities and the County are not liable for the debts, liabilities, or obligations of C/CAG. Condensed unaudited cash basis financial information may be obtained from the City of San Carlos Finance Department, 666 Elm Street, San Carlos, CA 94070.

#### **NOTE 12 – RISK MANAGEMENT**

#### A. Insurance Coverage

The City participates in Pooled Liability Assurance Network Joint Powers Authority (PLAN JPA), a nonprofit benefit corporation established to provide liability insurance coverage, claims and risk management, and legal defense to its participating members. PLAN JPA provides \$1,000,000 of self- funded general liability and automobile coverage (except \$250,000 is for the Employee benefits Plan Administration liability) and \$29,000,000 excess liability coverage per occurrence and is responsible for paying claims in excess of the City's \$100,000 self-insured retention. The Plan includes a per occurrence or wrongful act or employee benefit wrongful act up to \$10,000,000 with two retained limits of \$5,000,000. For the year ended June 30, 2022, the City paid PLAN JPA \$2,036,357 in premiums and did not receive a refund of premiums paid in prior years. Financial statements may be obtained from PLAN JPA 1750 Creekside Oaks Drive, Suite 200, Sacramento, CA 95833.

The City has also purchased excess coverage insurance for worker's compensation claims from Public Risk, Innovation, Solutions and Management (PRISM) (formerly CSAC Excess Insurance Authority (CSAC-EIA)). PRISM provides coverage up to statutory limits in excess of the City's \$500,000 self-insured retention. For the past five fiscal years, general liability and worker compensation settlements did not exceed insurance coverage.

For the Fiscal Year Ended June 30, 2022

#### **NOTE 12 – RISK MANAGEMENT (Continued)**

#### B. Liability for Uninsured Claims

The City provides for the uninsured portion of claims and judgments in the Self Insurance Internal Service Fund. Claims and judgments, including a provision for claims incurred but not reported, are recorded when a loss is deemed probable of assertion and the amount of the loss is reasonably determinable. As discussed above, the City has coverage for such claims, but it has retained the risk for the deductible or uninsured portion of these claims.

The City's liability for uninsured claims is limited to workers' compensation and general liability claims, as discussed above, and was estimated by management based on prior year's claims experience as follows:

		Fiscal Year			
	Workers'	General		2020-2021	
	Compensation	Liability	Total	Total	
Balance, beginning of year Current year claims and changes in	\$15,696,000	\$53,797	\$15,749,797	\$14,965,224	
estimates of prior years claims	2,608,615	282,672	2,891,287	3,637,605	
Claims Paid	(2,061,615)	(96,211)	(2,157,826)	(2,853,032)	
Balance, end of year	\$16,243,000	\$240,258	\$16,483,258	\$15,749,797	
Current portion	\$2,807,000	\$240,258	\$3,047,258	\$2,878,797	

### NOTE 13 – COMMITMENTS AND CONTINGENCIES

#### A. Litigation

The City is subject to litigation arising in the normal course of business. In the opinion of the City Attorney there is no pending litigation which is likely to have a material adverse effect on the financial position of the City.

#### B. Federal and State Grant Programs

The City participates in Federal and State grant programs. These programs have been audited by the City's independent auditors in accordance with the provisions of the Federal Single Audit Act as amended and applicable State requirements. No cost disallowances were proposed as a result of these audits; however, these programs are still subject to further examination by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

For the Fiscal Year Ended June 30, 2022

#### **NOTE 13 – COMMITMENTS AND CONTINGENCIES (Continued)**

#### C. Miller Parking Garage

The Miller Parking Garage ("Parking Garage)", constructed in 2011, is located at 329 Miller Avenue in the City. The Parking Garage consists of a five-level open-air concrete structure building of approximately 100,000 square feet with 244 parking spaces. Approximately 14,350 square feet of commercial and office space (the "Commercial Space") is located on the ground floor of the Parking Garage.

In February 2020, the City sold the Commercial Space for \$1,247,950. In connection with the sale of the Commercial Space, a condominium map was recorded with the County to create separate assessor parcel numbers for the Commercial Space and the balance of the property included within the Parking Garage. No rights to the parking spaces were granted to the owners of the Commercial Space in connection with its sale. However, the owners of the Commercial Space may use such spaces upon payment to the City of the applicable parking fees.

### D. Construction Contract Dispute

Following a competitive bid process, the City awarded a contract for construction of certain improvements related to the Grand Boulevard Initiative. The project finished well past the contract completion date and the City withheld funds for late completion and to correct incomplete and defective work. The City and the contractor engaged a third-party mediator, but were unable to resolve the dispute at mediation in August 2022. The contractor filed a complaint in San Mateo County Superior Court on September 14, 2022, seeking \$6,500,000 in compensatory damages, interest, and costs of suit. No trial date has been set as of November 2022. The City disputes the allegations and intends to vigorously pursue affirmative claims against the contractor. The City may be negatively impacted should the court rule in favor of the contractor, however any such impact cannot be determined at this time.

# NOTE 14 – FORMER REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES

The activities of the Successor Agency are reported in the Successor Agency to the former Redevelopment Agency Private-Purpose Trust Fund as the activities are under the control of the Oversight Board. The City provides administrative services to the Successor Agency to wind down the affairs of the former Redevelopment Agency.

On July 1, 2018, the duties of the South San Francisco Oversight Board transferred to a new San Mateo Countywide Oversight Board, which will now be responsible for overseeing the winddown affairs of all Successor Agencies in San Mateo County, including the Successor Agency to the South San Francisco Redevelopment Agency.

Information presented in the following footnotes represents assets and liabilities of the Successor Agency.

#### A. Cash and Investments

Cash and investments of the Successor Agency as of June 30, 2022 are discussed in Note 2 to the financial statements. Information presented in the following footnotes represents other assets and liabilities of the Successor Agency as of June 30, 2022.

For the Fiscal Year Ended June 30, 2022

# NOTE 14 – FORMER REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES (Continued)

#### B. Loans Receivable

The Successor Agency assumed the non-housing loans receivable of the former Redevelopment Agency as of February 1, 2012. The former Redevelopment Agency engaged in programs designed to encourage construction of or improvement to low-to-moderate income housing. Under these programs, grants or loans were provided to homeowners or developers who agreed to expend these funds in accordance with the Agency's terms.

### C. Capital Assets

The Successor Agency assumed the capital assets of the former Redevelopment Agency as of February 1, 2012. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their acquisition value. The Successor Agency's policy is to capitalize all assets with costs exceeding certain minimum thresholds and with useful lives exceeding two years.

All capital assets with limited useful lives are depreciated over their estimated useful lives. The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each year represents that year's pro rata share of the cost of capital assets.

Depreciation of all capital assets is charged as an expense against operations each year and the total amount of depreciation taken over the years, called accumulated depreciation, is reported on the balance sheet as a reduction in the book value of capital assets.

Depreciation is provided using the straight line method which means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. The Successor Agency has assigned the useful lives listed below to capital assets:

Buildings50 yearsImprovements30 yearsMachinery and equipment5-20 yearsFurniture and fixtures12 years

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period. The capitalization level is \$20,000 for vehicles, and \$100,000 for all else, including all other equipment that is not a vehicle.

For the Fiscal Year Ended June 30, 2022

# NOTE 14 – FORMER REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES (Continued)

Capital assets recorded at June 30 are comprised of:

	Balance		Balance
	June 30, 2021	Retirement	June 30, 2022

Total accumulated depreciation	(348,649)	(6,594)	(355,243)
Net capital assets being depreciated	244,718	(6,594)	238,124
Fiduciary activity capital assets, net	\$355,937	(\$6,594)	\$349,343

#### D. Defeased Bonds

As of June 30, 2022, the outstanding balance of defeased debt was \$3,905,000 for the 1997 Downtown /Central Redevelopment Tax Allocation Bonds.

#### E. Commitments And Contingencies

#### State Approval of Enforceable Obligations

The Successor Agency prepares a Recognized Obligation Payment Schedule (ROPS) semiannually that contains all proposed expenditures for the subsequent six-month period. The ROPS is subject to the review and approval of the Oversight Board as well as the State Department of Finance. Although the State Department of Finance may not question items included on the ROPS in one period, they may question the same items in a future period and disallow associated activities. The amount, if any, of current obligations that may be denied by the State Department of Finance cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

For the Fiscal Year Ended June 30, 2022

# NOTE 14 – FORMER REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES (Continued)

#### State Asset Transfer Review

The activities of the former Redevelopment Agency and the Successor Agency were also subject to further examination by the State of California. The State Controller's Office conducted a review of the propriety of asset transfers between the former Redevelopment Agency or the Successor Agency and any public agency that occurred on or after January 1, 2011. The results of that review were issued in July 2015 and although the review did identify ineligible transfers of assets from the former Redevelopment Agency to the City, the report reflected the current year and prior year transfers and made no further demands for the return of assets to the Successor Agency.

#### **GENERAL FUND**

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The General Fund is comprised of the following:

#### GENERAL PURPOSE FUND

This fund accounts for resources traditionally associated with government, such as administration, public safety, library, parks maintenance, and recreation, outside of those accounted for in other funds.

#### **MEASURE W FUND**

This fund accounts for revenue as the result of the voter-approved one-half percent sales and use tax that was passed on November 3, 2015. The tax went into effect April 1, 2016 and will last for 30 years until March 31, 2046. Revenues are committed for maintenance and enhancement of local services.

#### NON-MAJOR GOVERNMENTAL FUNDS

Special revenue funds are used to account for revenue sources that are restricted by law or administrative action to expenditures for specified purposes. Special revenue funds used by the City of South San Francisco include:

Gas Tax – Accounts for State monies received and expended for street improvements, repairs, engineering, and administration under Streets and Highway Code Sections 2105, 2106, 2107, and 2107.5. Includes sales taxes on gasoline received from the State's Traffic Congestion Relief Fund.

**Developer Contributions** – Accounts for fees deposited for planning and engineering reviews or for future project development.

**Community Development Block Grant** – Accounts for Federal monies received to be expended for development of jobs and suitable housing for low-income residents.

**Maintenance Districts** – Accounts for a portion of property tax dedicated to provide for the maintenance of landscaped areas within housing developments.

**Transportation Sales Tax** – Accounts for the sales tax that provides resources for street improvements and repairs.

**Solid Waste Reduction** – Accounts for revenues and expenditures associated with the waste reduction, recycling, composting and household hazardous waste programs for residents and businesses.

**Supplemental Law Enforcement Services** – Accounts for State monies provided for designated Police department services.

City Programs – Organizations and individuals provide revenues that fund certain programs and services.

**Affordable Housing Trust** – The inclusionary housing requirement in the City provides that 20% of new residential housing units (for projects of 4 or more units) be affordable. These in-lieu fees (in-lieu of production of affordable housing units by the developer) provide new residential development's share of affordable housing units.

**PEG Equipment and Access** – Accounts for the one percent of money set-aside from cable franchise fees that are used to support public, educational and governmental (PEG) channels.

**Transit Station Enhancement in-Lieu Fee** – Accounts for revenues that are collected as a negotiated community benefit.

**Road Maintenance and Rehabilitation** – Accounts for State monies received and expended for road maintenance and rehabilitation pursuant to Senate Bill 1, approved in 2017.

San Mateo County (SMC) Measure W ½ Sales Tax – Accounts for the City's portion of the special half cent sales tax receipts restricted for congestion relief and transit improvements.

#### NON-MAJOR GOVERNMENTAL FUNDS (Continued)

Capital projects funds are used to account for resources used for the acquisition and construction of capital facilities or major capital equipment, except for capital improvements financed by proprietary funds. Capital projects funds used at the City of South San Francisco include:

**Public Safety Impact Fee** – These fees are to provide new development's share of funding for the replacement of public safety capital equipment, vehicles and facilities.

**Oyster Point Improvements Impact Fees** – These fees provide new development's share of funding for the Oyster Point at Highway 101 interchange improvements.

**Sewer Capacity Charges** – Accounts for cost recovery charged to new development based on proportional benefit, associated with providing sewer collection and treatment capacity to new development, both through existing infrastructure provided, and through future capital projects not funded by other sources.

**Oyster Point Development Impact Fees** – Accounts for expenditures associated with the acquisition, construction, or improvement related to Oyster Point Development.

**Park Land Acquisition Fee** – Accounts for monies received and expended pursuant to SSFMC Chapter 8.67 and Mitigation Fee Act for park land acquisition.

**Park Construction Fee** – Accounts for monies received and expended pursuant to SSFMC Chapter 8.67 and Mitigation Fee Act for park construction.

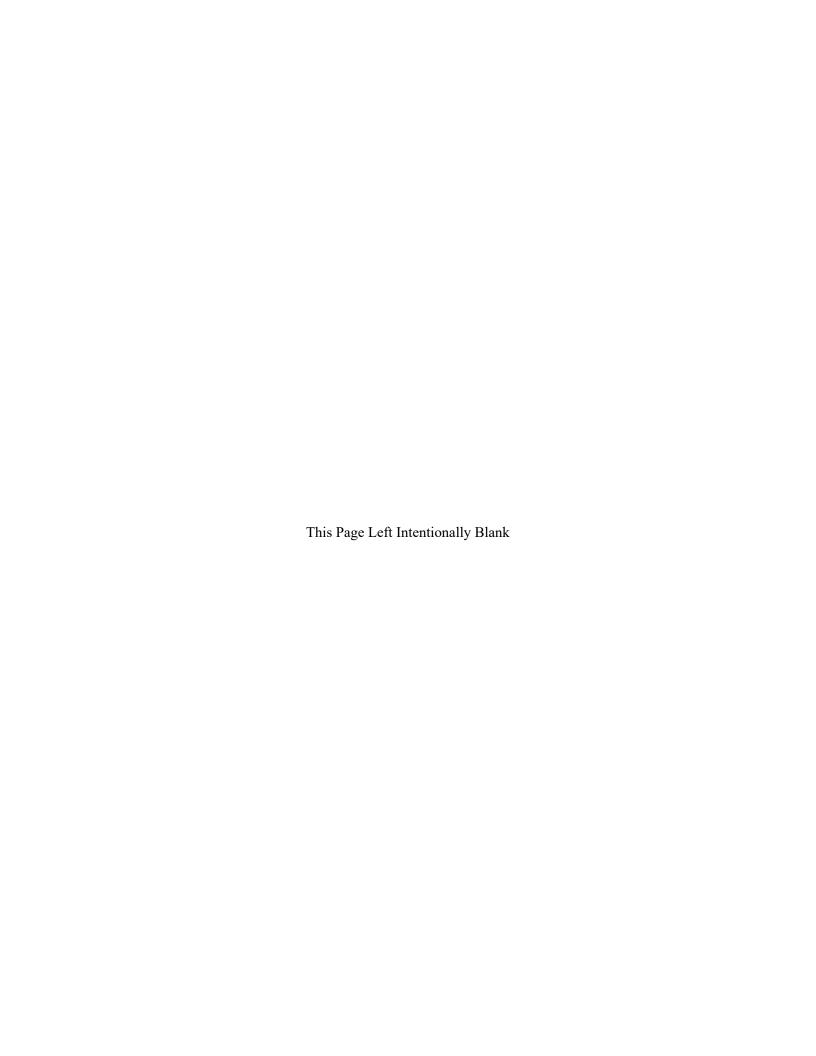

**Bicycle and Pedestrian Impact Fee** – Accounts for monies received and expended pursuant to SSFMC Chapter 8.68 for mitigation of impacts of new development on bicycle and pedestrian improvements in the City.

Commercial Linkage Impact Fee – Accounts for affordable housing funding created by new commercial development.

**Library Impact Fee** – Accounts for citywide fees to provide new development's share of the expansion, rehabilitation and replacement of library facilities and collections to accommodate the increased demand for library services caused by future development

Debt service funds are used to account for resources used for the payment of debt service on long-term debt. Debt service funds used at the City of South San Francisco include:

**Debt Service** – Accounts for expenditures associated with the acquisition, construction, and installation of certain capital improvements constituting the new City police station located within the City's new Civic Center Campus, and related improvements, facilities and equipment, and pay the costs incurred in connection with the issuance of the Series 2020A Bonds, as well as capital improvements constituting the City's new Civic Center Campus, and related improvements, facilities and equipment, and pay the costs incurred in connection with the issuance of the Series 2021A Bonds.

#### **INTERNAL SERVICE FUNDS**

Internal service funds account for department services and financing performed for other departments within the same governmental jurisdiction. Funding comes from charges assessed to the departments benefiting from the service. Internal service funds used at the City include:

**City Service** – Accounts for vehicle maintenance and information technology services provided to City departments.

**Self Insurance** – Accounts for workers' compensation, general liability and property damage claim activity and financing is represented in this fund.

**Health and Retirement Benefits** – Accounts for health and retirement benefits paid on the behalf of eligible City employees.

**Equipment Replacement** – Accounts for resources set-aside for the future replacement of City vehicles and equipment.

End of the year	\$137,551	\$20,221,759	\$20,359,310

#### STATISTICAL SECTION

This part of the City's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health. In contrast to the financial section, the statistical section information is not subject to independent audit.

#### **Financial Trends**

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time:

- 1. Net Position by Component
- 2. Changes in Net Position
- 3. Fund Balances of Governmental Funds
- 4. Changes in Fund Balance of Governmental Funds

#### **Revenue Capacity**

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax:

- 1. Assessed Value and Estimated Market Value of Taxable Property
- 2. All Overlapping Property Tax Rates
- 3. Principal Property Tax Payers
- 4. Property Tax Levies and Collections

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future:

- 1. Ratio of Outstanding Debt by Type
- 2. Computation of Direct and Overlapping Debt
- 3. Computation of Legal Bonded Debt Margin
- 4. Continuing Disclosure Requirements:
  - a. Revenue Bond Coverage
  - b. Sewer Debt Service Coverage
  - c. Bonded Debt Pledge Revenue Coverage

#### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place:

- 1. Demographic and Economic Statistics
- 2. Principal Employers

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs:

- 1. Full-Time City Government Employees by Function
- 2. Operating Indicators by Function/Program
- 3. Capital Asset Statistics by Function/Program

#### **STATISTICAL SECTION - (Continued)**

#### **Miscellaneous Information**

1. Collection and Use of 1% Special Transient Occupancy Tax

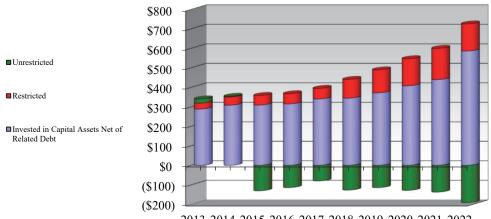

#### **Sources**

Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year.

Source: HdL Coren & Cone, San Mateo County Assessor 2012/13-2021/22 Tax Property Values.

<sup>(</sup>a) The State Constitution requires property to be assessed at one hundred percent of the most recent purchase price, plus an increment of no more than two percent annually, plus any local over-rides. These values are considered to be full market values.

<sup>(</sup>b) California cities do not set their own direct tax rate. The state constitution establishes the rate at 1% and allocates a portion of that amount, by an annual calculation, to all the taxing entities within a tax rate area.

#### CITY OF SOUTH SAN FRANCISCO DIRECT AND OVERLAPPING PROPERTY TAX RATES LAST TEN FISCAL YEARS

#### CITY OF SOUTH SAN FRANCISCO COMPUTATION OF LEGAL BONDED DEBT MARGIN JUNE 30, 2022

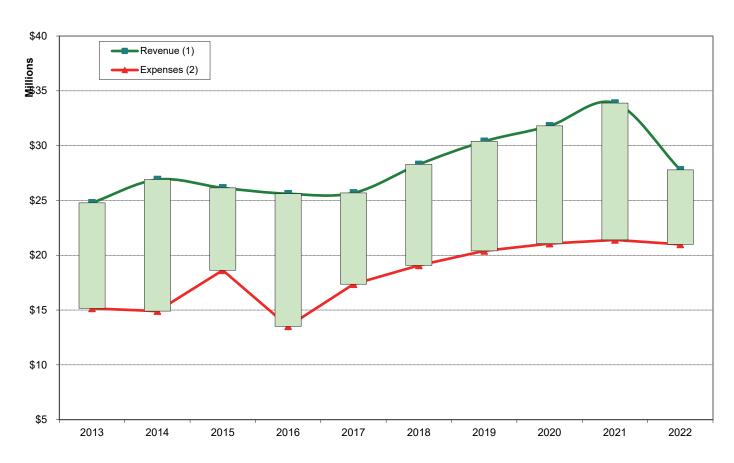

ASSESSED VALUATION:	\$24,651,718,389
BONDED DEBT LIMIT (3.75% OF ASSESSED VALUE) (a)	\$924,439,440
LESS AMOUNT OF DEBT SUBJECT TO LIMIT:	0
LEGAL BONDED DEBT MARGIN	\$924,439,440

Fiscal Year	Debt Limit	Total Net Debt Applicable to Limit	Legal Debt Margin	Total net debt applicable to the limit as a percentage of debt limit
2013	\$ 524,729,886	0	\$ 524,729,886	6 0.00%
2014	536,413,229	0	536,413,229	9 0.00%
2015	558,585,910	0	558,585,910	0.00%
2016	580,561,386	0	580,561,386	6 0.00%
2017	617,102,145	0	617,102,14	5 0.00%
2018	647,787,001	0	647,787,00	1 0.00%
2019	719,492,940	0	719,492,94	0.00%
2020	784,957,532	0	784,957,532	2 0.00%
2021	870,065,495	0	870,065,493	5 0.00%
2022	924,439,440	0	924,439,440	0.00%

NOTE: (a) California Government Code, Section 43605 sets the debt limit at 15%. The Code section was enacted prior to the change in basing assessed value to full market value when it was previously 25% of market value. Thus, the limit shown as 3.75% is one-fourth the limit to account for the adjustment of showing assessed valuation at full cash value.

<sup>(1)</sup> Primarily consists of payments from the City of San Bruno. The City of San Bruno is a co-owner of the Plant and pays the City in advance on a quarterly basis for the City of San Bruno's share of operating costs. See "Wastewater System" herein.

<sup>(2)</sup> Excludes depreciation, capital expenditures and debt service.

<sup>(3)</sup> Includes Sewer Revenue Bonds and State Water Loan payments

<sup>(4)</sup> Reflects an adopted increase in rates for Fiscal Year 2004-05 of 25% per Resolution No. 68-2004, adopted by the City Council on July 14, 2004 and effective on and after July 1, 2004 and an adopted increase in rates for Fiscal Year 2005-06 of 9% per Resolution No. 68-2005, adopted by the City Council on June 22, 2005 and effective on and after June 22, 2005.

<sup>(1)</sup> Community Learning Center not included on count as it is only a homework center not a library.

<sup>(2)</sup> The only senior center is Magnolia Center but programming still continues at El Camino.

<sup>(3)</sup> Year 2013- Includes all lights in SSF billed as LS-2 from PG&E.

<sup>(4)</sup> Year 2017- Lot 6 sold for Rotary Plaza development.

 $<sup>\</sup>left(5\right)$  Year 2020 -Playgrounds in the Common Greens areas are now included.

#### CITY OF SOUTH SAN FRANCISCO

#### Miscellaneous Information Last Four Fiscal Years

#### Collection and Use of 1% Special Transient Occupancy Tax (TOT) Approved by Voters as Measure I \*

	2019	2020	2021		2022
Transient Occupancy Tax Detail					
TOT Collected	\$ 15,535,213	\$ 12,591,459	\$ 6,215,172	\$	11,268,807
1% Measure I Special Tax	1,556,009	1,114,911	495,099		866,831
Total TOT Collection	\$ 17,091,222	\$ 13,706,371	\$ 6,710,270	\$	12,135,638
1% Measure I Special Tax Use					
Police	\$ 311,202	\$ 222,982	\$ 99,020	\$	173,366
Fire	311,202	222,982	99,020		173,366
Library	311,202	222,982	99,020		173,366
Parks	311,202	222,982	99,020		173,366
Recreation	311,202	222,982	99,020		173,366
Total 1% Measure I Special Tax	\$ 1,556,009	\$ 1,114,911	\$ 495,099	\$	866,831

<sup>\*</sup> Note: The current TOT consists of three components - a 9% general excise tax (Measure FF) that generates General Fund revenues; a 1% special tax (Measure I-effective January 1, 2005) was earmarked for use to supplement funding parks, recreation, library, and public safety services (SSFMC 4.20.033) and a \$2.50 tax devoted to the acquistion, renovation, maintenance and operation of the South San Francisco Conference Center. The City Council last increased the total TOT rate from 9% to 10% in 2009 with the incremental 1% increase being a general tax. City's TOT rate from 10% to 12% effective january 1, 2019. A subsequent 2% increase over the next two years would revise the TOT rate to 13% (effective January 1, 2020) and 14% (effective January 1, 2021).
