NOTICE OF PROPOSED CHARGES FOR FY 2026-2027 SEWER SERVICE CHARGES

THE CITY OF SOUTH SAN FRANCISCO HEREBY GIVES FURTHER NOTICE that:

1. The City is proposing to increase charges by 3% above the current sewer rate. The proposed increase is a part of the Sewer Rate Plan previously adopted by the City Council on January 12, 2022 for FY 2022-23 through FY 2026-27, which established a five-year rate schedule providing for annual increases. The purpose of the increase is to finance improvements to the City's sewer collection, pumping and treatment facilities. The improvements are necessary to comply with State and Federal water quality mandates.
2. A description of how the rates are calculated and the schedule of rates is available from the Water Quality Control Plant located at 195 Belle Air Road, and the City Clerk's Office located at 400 Grand Avenue, South San Francisco. If the rate increases are approved, it is proposed that they will commence to be collected with the property taxes beginning with Fiscal Year 2026-27 and will continue to be collected until otherwise modified by the City. The sewer rates will not exceed the maximum amounts approved without another written notice to the property owners.
