City Clerk Rosa Acosta,

In light of the recent horrible and hateful attack on peaceful protesters that was shared widely on social media, your responsibility to come to the defense of your Arab, Muslim, Palestinian, and SSWANA community members and their allies is at a crucial peak. Not only is it your duty in this moment to show and demonstrate care of the victims of that attack, but also to enforce the law and protect your community from ever having to endure a traumatic attack such as that again. In addition, I demand that you also pass a permanent CEASEFORE RESOLUTION immediately. Other Bay Area city's and school districts are stepping up all around you to show their opposition to Biden's genocidal policy of continuously arming Israel with our tax dollars as it destroys Gaza and conducts an brutal apartheid regime of oppression in the West Bank.
