Neutral

Please save Municipal Building at 33 Arroyo. Do not demolish a landmark building for our community.

Winston Manor & Buri Buri need spaces for our children and seniors.

The Civic Center is not available at this time.

My son currently attends a wonderful SSF Park & Rec class at 33 Arroyo weekly.

Please look into utilizing vacant lots closer to Oyster Point/Grand/Utah/Shaw Road for high rise residences. Thank you.

Hello, I have no idea if this should go under this agenda item but I record my comment: Do not hesitate to tear down the MSB! It is out of code, not particularly beautiful, and if a senior /activity / community center is really needed, it can go in the first floor of a newly built housing complex at that corner! Amanda Anthony, South San Francisco Resident.
