SUPPLEMENTAL QUESTIONNAIRE

Why are you interested in serving as a Boards and Commissions member? What do you feel you could contribute?

I am passionate about advocating for the people who are unable to; my neighbors/my community. I am a resident of the housing authority and I have the best interest in my friend for this community and all that it is trying to become. I have attended tenant meetings and am active in the community. I also attend City Council meetings and like to be a voice for representation of this community. I have the time, leadership skills and the knowledge to become an active participant of this commission. As a single Mom by choice and also living in the Housing Authority, I want to help make that change and also help provide additional opportunities to help us grow. As a resident, I have first-hand knowledge of what is really needed where I live and I feel that having actual resident representation on the board will help others get a better picture of what can/cannot help this community.

What qualifies you for this appointment?

I am a resident of the Housing Authority. I have been for the last three years. I also assist the Executive Director, Leah Taylor with community concerns and tenant meetings as needed. I advocate for improvement of Health and Safety for my fellow neighbors. I helped advocate for lead testing and also addressing the Carbon Monoxide testing which led to receiving the community grant of \$3M to help improve our quality of life and for the future of the SSFHA /City of South San Francisco. As a tenant, I regularly attend the board meetings and city council meetings to be kept up in what are the current concerns and also to help continue to support current concerns and programs available to us. Another would be as a Mom, I fully support the Youth programs available and in hopes that those youth programs are continued for years to come as we have seen first-hand how that helps the future of the children of this community.

What is your vision for growth in South San Francisco?

To support the vision of the Housing Authority to help expand housing opportunities to those in need. To continue to provide a safe neighborhood for all. I will continue to advocate for the continued safety of our residents such as backing up programs that helped with installment of the peripheral fences and also the installment of more cameras and for more lighting posts for added safety. Encourage more community building events. Continuing to support the youth programs (i.e. summer training programs) Also, continue more senior support. I want to improve the quality of life for current and future neighbors to come.

SUPPLEMENTAL QUESTIONNAIRE

What community activities are you presently involved in, or have been in the past?

I have participated in SSF clean up day.
I attend the monthly tenant meetings and also the City Council meetings at City Hall. I attend the annual Night Out event held in our community. I also help ED, Leah Taylor with assisting with grants. I am a Nurse by trade and work in Maternal Health so I also help low income pregnant mothers with education and labor preparation and support. I am part of neighborhood response team and neighborhood watch.
