Redistricting Timeline

Date	Event
July 14, 2021	1 st Public Hearing
August 12, 2021	Census Bureau released 2020 population counts
September 27, 2021	California released official adjusted population data
December 1, 2021	2 nd Public Hearing/Community Workshop
January 18, 2022	Deadline for public map submissions
January 26, 2022	3 rd Public Hearing
February 23, 2022	4 th Public Hearing
April 17, 2022	Legal deadline to adopt new map

Legal Requirements & Other Goals

1. Federal Law

- ✓ Ensure equal population
- ✓ Comply with federal Voting Rights Act
- ✓ Prevent racial gerrymandering

* Total population deviation < 10%

2. California Law

1. Ensure geographic **contiguity**
 2. Minimize division of neighborhoods & **“communities of interest”**
 3. Create easily identifiable boundaries
 4. Maintain **compactness**
- ✓ Do not “favor or discriminate against a political party”

3. Other Goals

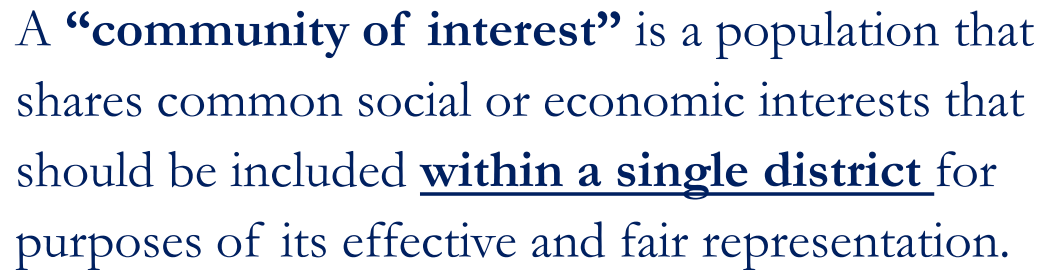

May include...

- Minimize changes to election cycles
- Preserve core of existing districts

Do not bypass a nearby population to take in a more distant population

Defining “Communities of Interest”

Under California Elections Code, “community of interest” has a very specific definition in the context of redistricting:

A “community of interest” is a population that shares common social or economic interests that should be included within a single district for purposes of its effective and fair representation.

Definitions of “communities of interest” do **not** include relationships with political parties, incumbents, or political candidates.

✓ Current Districts Are “Population Balanced”

District		1	2	3	4	5	Total
2020 Census	Total Population	13,097	13,486	12,933	13,088	13,580	66,184
	Deviation from ideal*	-140	249	-304	-149	343	647
	% Deviation	-1.06%	1.88%	-2.30%	-1.12%	2.59%	4.86%

	owned	59%	79%	54%	68%	42%	61%

*Ideal District Size: Each district must contain about 13,326 people

Population Balance Math

Ideal district size = 13,326

- Calculated by dividing Moorpark's total population by the number of districts
- $66,184/5 = 13,326.8$

Total deviation = 647

- Calculated by subtracting the smallest district's population from the largest district's population
- $D5 (13,580) - D3 (12,933) = 647$

Total deviation % = 4.89%

- Calculated by subtracting the smallest deviation from the largest deviation
- $(2.59\%) - (-2.3\%) = 4.89\%$

Simple Paper Mapping Kit

- Residents can submit a map on paper or PDF using our printable templates
- Optional Excel Supplement does the population math automatically!

South San Francisco Redistricting

Public Map Submission

An electronic version of this map that allows you to zoom in and out is available online at ssf.net/2021-redistricting

PLEASE NOTE: This map is intended to be used with the Excel supplement available on the city's website. In Excel, you can assign each area on the map to a district by referencing the ID numbers shown below.

INSTRUCTIONS:
 Draw your proposed district boundaries using colored markers. Submit your completed map by email to redistricting@ssf.net or by mail to the City Clerk, Attn: Redistricting, P.O. Box 711, South San Francisco, CA 94083.
