

Compliance Verification

South San Francisco Municipal Code Chapter 20.370, entitled "Antennas and Wireless Communications Facilities" requires specific application submittal requirements including a sworn statement of Compliance Verification signed by the Applicant which "confirms Applicant holds all applicable licenses required for Applicant to construct the proposed facility, including but not limited to FCC, PUC, state or federal telecommunications authority approvals."

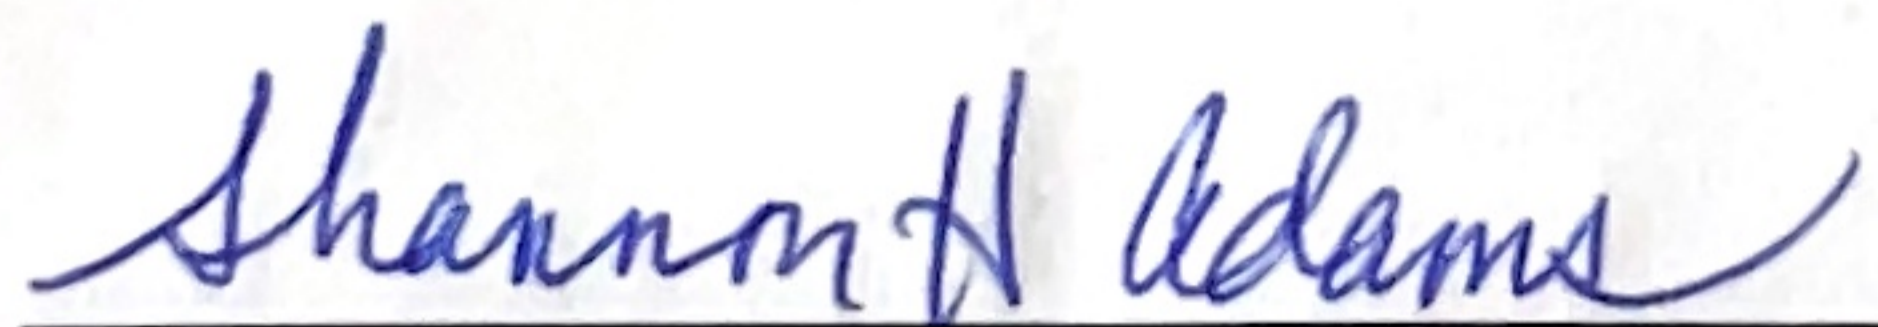

Additionally, a sworn statement or documentation of compliance with all licensing conditions shall be signed by the Applicant confirming "Applicant is in compliance with all conditions imposed in conjunction with all applicable licenses for Applicant to construct the proposed Small Cell Wireless Facility."

The Applicant confirming compliance:

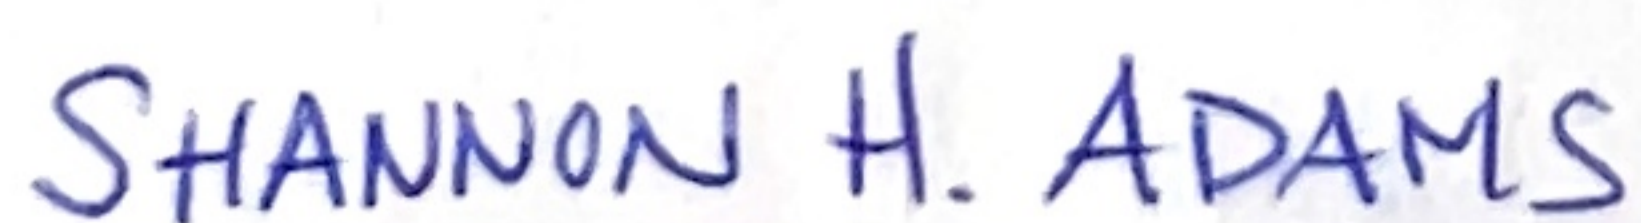

AT&T Mobility
2700 Watt Ave.
Sacramento CA 95821

I, the undersigned, hereby certify that the Applicant listed above, who is filling an application for a proposed Small Cell Wireless Communication Facilities holds all applicable license required for Applicant to construct the proposed facility, including but not limited to FCC, PUC, state or federal telecommunications authority approvals and is in compliance with all conditions imposed in conjunction with all applicable licenses for Applicant to construct the proposed Small Cell Wireless Facility.

I also attest that the specifications of the proposed equipment are accurately outlined in the attached Exhibit A. Further outlined in Exhibit A are calculations prepared by a third part licensed engineer independently confirming the proposed facility will comply with all applicable FCC requirements and standards as it relates to the EME emissions.
