On Tuesday, May 15, 2018, Rezoning for 201 Haskins Way and 400-450 East Jamie Court to BTP, Use Permit, Design Review, Transportation Demand Management (TDM) Plan, and Draft Environmental Impact Report to construct a two-story 25,000 sq. ft. building (400-450 East Jamie Court), a five-story 311,368 gross sq. ft. office/ R&D building and a five-level parking garage on a 6.45-acre site (201 Haskins Way) in the Mixed-Industrial (MI) Zoning District in accordance with Title 20 of the South San Francisco Municipal Code.

The Planning Manager has determined that this application is in compliance and pursuant to Title 20, Section 20.480 of the South San Francisco Municipal Code and Design Guidelines after the following changes have been made to the plans:

1. The Board recommends approving the revised plan set, with the following minor modifications.
2. For the Landscape Plan, consider making the following modifications:
  - a. Replace the Acacia tree with a more appropriate tree species that will better acclimate to local weather and soil types.
  - b. Add more trees to the parking lot area to increase the tree canopy.
  - c. Next to the basketball court, add a berm or hedge to buffer the court area.
3. Work with the Department of Public Works and the City Traffic Engineer to analyze the two mid-block crossings vs. one singular crosswalk. The City's Traffic Advisory Committee (TAC) will also review the proposed crossings and provide a recommendation.
