ASIAN AMERICAN
RECOVERY SERVICES
A PROGRAM OF HEALTH**RIGHT** 360

OVERVIEW

- For over 27 years, Asian American Recovery Services (AARS) has provided a unique experience for middle and high school girls to celebrate Asian American, Native Hawaiian, Pacific Islander (AANHPI) culture in Santa Clara County
- We will be bringing this experience to and hosting our first annual Sister to Sister Leadership Conference in North San Mateo County
- The conference has a long history of building confidence and sparking inspiration to its participants
 - motivational speakers, education, interactive activities, and entertainment, which we will be bringing to our community.

"My favorite part of Sister to Sister was hearing from girls my age who are making a difference in their community. They are brave to speak out on what they believe is right. I hope one day I can have that same kind of courage."
