Project Justification

Grand Boulevard Project Phase 2 (Kaiser Way to McLellan Drive)

Project Number st1502

This project will improve El Camino Real between Kaiser Way and the South San Francisco BART station by **Project Scope**

installing enhanced pedestrian crossings, with corner curb bulbouts and median refuge, expanded bus stop/ waiting

areas, and a new landscaped median.

The project improves an important gateway to the City of South San Francisco and helps set the stage for planned

transit-oriented, mixed-use development along the frontage, as envisioned in the City's 2011 El Camino

Real/Chestnut Avenue Area Plan. It will create opportunities for increased pedestrian trips between existing and

future destinations, as well as increase safety.
