

# Who is our City Council representing. Tell the City Council NO to the massive development at El Camino/Chestnut!

8 STORIES - FOR RENT  
88 UNITS (18 AFFORDABLE  
AT MODERATE LEVEL)

15 STORIES - FOR SALE  
145 UNITS

12 STORIES - FOR SALE  
118 UNITS

We, the undersigned, residents of South San Francisco, oppose any development on the former PUC site in the Chestnut/El Camino corridor extending to Old Mission Road that exceeds three stories in height.

The three alternate plans submitted by the two finalists do not fit the area. This is a high-density area which is experiencing high traffic congestion, a loss of quality of life, and stress on the infrastructure.

We don't oppose development, we support Smart development. Multi-storied towers with 700 to 847 units times how many people and vehicles per unit will only further congest this over-burdened area.
