Employer

Position

Facilities, Travel & Expense, Risk, Fleet Management, Meetings & Events, Vendor Management

Duties

1. Why are you seeking this appointment?

The future of South San Francisco is important for all of us (city, businesses and residents) and I would embrace the opportunity as a representative from Johnson & Johnson to sit on the CA and play an active role in helping to shape and guide SSF in developing programs and policies to support the future growth. Johnson and Johnson is planning on growing its presence in the South San Francisco area and we think we have an important perspective to provide to the community as it develops. We are also interested in hearing the perspective of the other members of the community. We recognize the strength of the SSF area as a world class innovation hot spot and want to be a part of the next generation in biopharma, medical devices and consumer health. We are excited to become an integral partner of SSF where we will shine a brighter light and bring a bigger microphone to this vital region.

2. What qualifies you for this appointment?

I have been working, living and commuting in around the Peninsula for over 15 years in the corporate real estate, facilities and workplace services area. I have a working knowledge of how the area operates with a passion for continuous improvement. With my experience, passion and excitement around what this committee is looking to get done- I believe these qualify me for such an important appointment.

3. The General Plan is a long term vision for land use, open space and transportation investment – what are your priorities for the future?

The priorities for the future is to create space that supports all of the different facets of living and working in this area. In addition it would be to improve on those facets to create a better place for the future that is sustainable, supports health, safety, community, wellbeing and a way to support the many different ways of working in the SSF area. We view all of these with equal opportunity because they are interconnected and all play an integral role in the successful growth of an organization in the South San Francisco community.

I certify that, to the best of my knowledge, all statements in this application are complete and true. I agree and understand that any mis-statement of material fact will cause me to forfeit all rights to appointment to the Community Advisory Committee with the City of South San Francisco.
